

Fundación Huésped's Impact Through Global Giving

Summary

In recent months, FH has deepened its presence in **vulnerable communities** throughout Argentina, bringing health services closer to **those who need them most**. Our teams have provided thousands of free HIV and syphilis tests, as well as counseling, legal advice, and mental health support. Each encounter reinforces our commitment to **inclusion, dignity, and the right to access comprehensive health services without discrimination.**

Our Impact

- In recent months more than **2,000** people were tested at our center, and an additional **250** during our community-based testing events.
- **1.600** individuals received legal support.
- **270** people accessed free psychological support, both individually and in group sessions.
- **838** individuals were trained through our courses on comprehensive sexual education.

Recent Key Activities

At our center, we celebrated **HIV Testing Day 2025**, an initiative that raises awareness about the importance of early diagnosis and encourages people to know their status. During this special day, we provided free, confidential testing and counseling to **130 people**.

Recent Key Activities

We also hosted our **Annual Scientific Symposium**, welcoming more than **1100 participants from across Argentina and the region**. This event brings together researchers, healthcare professionals, and policymakers to share the latest scientific evidence and strengthen the link between research and public health action.

Recent Key Activities

We celebrated **Freddie for a Day**, honoring the month of Freddie Mercury's birth with a live listening session of one of his iconic albums. We invited all our donors to join this evening of music and solidarity, a **tribute to the artist whose legacy continues to inspire our work for a world free of stigma.**

FREDDIE FOR A DAY
A TOTAL BENEFICIO DE
FUNDACION HUÉSPED

The support received through GlobalGiving remains **essential to sustaining and expanding our work**. At a time when access to healthcare is increasingly challenging, **your contribution helps us continue reaching those who need it most.**

Thank you!
