Summary

Amidst an ongoing economic crisis, ensuring the continuity of these free services has become increasingly challenging. Thanks to the generous donations received through GlobalGiving, we have been able to sustain and expand our services.

World AIDS Day

Activities **World AIDS Day** is observed annually on December 1st to raise awareness about HIV/AIDS, support those living with the virus, and remember those who have passed away due to AIDS-related illnesses.

Each year, FH organizes **special activities** in commemoration of this day, reinforcing our commitment to **prevention, testing, and access to healthcare services**.

Thanks to Global Giving donations, we successfully organized a community testing event on December 2nd at Retiro Station. During this event, **88 individuals were tested**.

We also partnered with Farmacity to carry out a week-long testing initiative. 932 HIV tests were conducted across 15 branches in Buenos Aires

Looking ahead, the continued **support from Global Giving donors** enables us to maintain and expand our **free services**, ensuring access to healthcare for vulnerable populations.

As we face economic challenges, our goal remains to secure sustainable funding and reach even more people in need. **Thank you for your invaluable support** in making these initiatives possible

Thank you!
