Total Budget	\$10,000

Budget Narrative

The project will provide comprehensive support to survivors of sexual abuse, domestic violence, and human trafficking. Funding will help cover counseling services, temporary shelter, healthcare support, advocacy, and assistance for vulnerable mothers and children. Resources will also support storytelling and writing programs that help survivors share their experiences, promote healing, and raise community awareness. Outreach activities will educate communities, reduce stigma, and encourage survivors to seek help. Administrative and monitoring costs will ensure effective project management and accountability.
