

Final Report – Project Completion

Bringing Relief and Hope Across Gaza (Project ID: #67412)

To: GlobalGiving Team

From: Anchalee Hastings, Project Manager

Date: April 7, 2025

Project Summary

We are pleased to announce the successful completion of our project, **Bringing Relief and Hope Across Gaza**. Thanks to the generosity of GlobalGiving donors, we have achieved our goal of delivering urgent humanitarian aid to families impacted by the ongoing crisis in Gaza. With all objectives met and funds effectively utilized, we are formally closing this project and will no longer raise funds for it.

Narrative Updates

1. Objectives Achieved:

Over the past year, your generous support has allowed us to:

- **Distribute approximately 6,000 nutritious hot meals** to vulnerable families experiencing severe food insecurity.
- **Provide fresh fruit and vegetable packages** to 100 families, ensuring essential nutritional support.
- **Deliver approximately 60,000 liters of clean water** via emergency water trucks to communities lacking safe water access.
- **Initiate construction of a vital water well in Jabalia**, to provide sustainable clean water (currently paused due to ceasefire disruption).
- **Organize a psychosocial support event** benefiting approximately 200 children, featuring a clown show, sweets, games, and recreational activities to alleviate trauma and foster community well-being.

2. Impact Highlights:

- **Reduced Immediate Suffering:** Critical food and water assistance reached hundreds of families, especially in severely affected areas such as Jabalia, significantly alleviating immediate hunger and improving hygiene and sanitation conditions.
- **Community Resilience and Emotional Recovery:** Our children's event and psychosocial activities provided critical emotional relief, helping children and families experience joy and normalcy despite ongoing adversity.
- **Local Partnerships:** Effective collaborations with local NGOs **Heal Palestine** and **Save Gaza's Children** allowed culturally sensitive, timely, and efficient distribution of aid, enhancing community trust and participation.

3. Challenges Overcome:

- **Logistical Barriers:** Supply shortages and access restrictions required innovative strategies, including leveraging strong local networks and partnerships, to ensure continuous delivery of aid.
- **Safety and Security Risks:** Our team strictly implemented comprehensive safety protocols to protect staff, volunteers, and beneficiaries during all aid distributions, allowing safe project implementation despite challenging circumstances.

4. Sustainability and Future Plans:

Although this project has formally concluded, we are committed to supporting Gaza's longer-term recovery. Our ongoing initiatives include completing infrastructure projects such as the Jabalia water well, expanding psychosocial support programs, and initiating vocational training and educational opportunities for impacted families.

Gratitude

None of these achievements would have been possible without the compassion, generosity, and commitment of GlobalGiving's global community. Your support has brought tangible hope and relief to families in Gaza during their darkest hours. A special acknowledgment goes to our dedicated local partners, **Heal Palestine** and **Save Gaza's Children**, whose tireless and courageous efforts on the ground made this project possible.
