

Kariakoo City is the one among of the biggest city which is responsible for business location in both woman's and men's. The city is considered as the huge source of income at dar es salaam city as it including a numbers of business man and woman's and small holders businessman and woman's practicing different economic activities

Currently suddenly the buildings which is mostly dependable for the economic activities running out has falling part and cause hugely tragedy's which destroyed products and destroyed serveces which is mostly dependable by woman's and mans for their daily economic activities We are requesting donations from community around the world to help those who have been impacted by these disaster especially woman's who Lost products and location for continuing their economic activities
