

July 15, 2026

Dear Friends at GlobalGiving,

On behalf of Fundación ProEmpleo, we would like to express our deepest gratitude for the trust and support you have shown us throughout the implementation of the **“Empowering Latinos in Mexico – Second Edition”** project.

We are pleased to share the successful completion of this initiative, which was made possible thanks to the generous contributions of individuals committed to our mission. Your support enabled us to exceed our original outreach target, expanding the project’s impact and benefiting a greater number of Latin American participants facing socioeconomic vulnerabilities, who strengthened their skills and capacities to develop and consolidate their entrepreneurial ventures.

As a result, **38 participants successfully completed the training program**, significantly surpassing the original target of 15 participants. Through comprehensive training in entrepreneurship, financial education, business management, and digital skills, they gained practical tools to strengthen their businesses, make more informed financial decisions, and leverage digital technologies to support their growth.

Beyond the knowledge and skills acquired, the project helped strengthen participants’ confidence, autonomy, and ability to generate sustainable income, contributing to the economic well-being of their families and communities. These outcomes demonstrate how access to training and personalized support can provide a genuine opportunity to build stronger, more resilient livelihoods.

With the successful completion of this project, we reaffirm that collaboration among donors, nonprofit organizations, and communities makes it possible to create opportunities for inclusion, economic growth, and lasting social impact. Every contribution represented an investment in the talent, determination, and potential of individuals who now have greater opportunities and stronger capabilities to build a better future.

At Fundación ProEmpleo, we are deeply grateful for your support throughout this initiative. We hope this project’s successful conclusion also marks the beginning of new opportunities to continue working together to bring entrepreneurship training, practical skills, and learning opportunities to those who need them most.

Please accept our heartfelt thanks for believing in our mission and for making it possible for this project to achieve an even greater impact than originally envisioned. Thank you for being part of this story of transformation.

Sincerely,

Patricia Larios
Executive Director
