School Communities

31

Municipalities

Puerto Rico is the jurisdiction with the **most** public Montessori schools in the world.

For over 15 years, INE has supported school communities through its core programs:

School & Community Transformation - Focuses on developing effective and participatory leadership of school directors and families in designing and implementing the Montessori philosophy, methodology, and curriculum in the communities. This program also guides school communities in establishing structures for family participation and shared governance. The transformation process also provides enrichment programs for schools focused on the environment, arts, and sciences. This program also incorporates Casa Familiar, a project that addresses the biopsychological needs of children, youth, and their families.

Academic Program - Provides training, certification, and coaching to teachers and school staff and prepares them in the Montessori methodology and philosophy. The courses focus on: Infants and Toddlers (2 months-3 years), House of Children (3-5 years), Elementary I-II (6-12 years), Secondary I (12-15 years), Montessori Assistants, and School Principals. INE is the only institution accredited by the Montessori Accreditation Council for Teacher Education (MACTE) to offer these certifications in Puerto Rico.
