**Engage**

**Connecting Oregonians to the environmental causes they care about – through the workplace.**

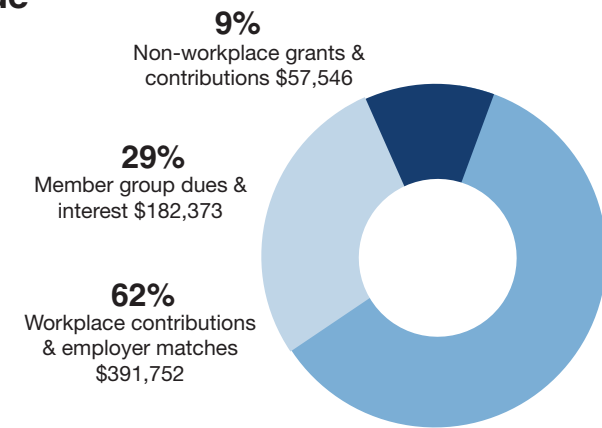

As we look to a future with unprecedented challenges, we can take a moment to appreciate the support that has protected our natural world this past year.

From an employee who gives generously each paycheck, to local businesses that partner with our nonprofit members to build healthier communities, we are all truly blessed to live in Oregon.

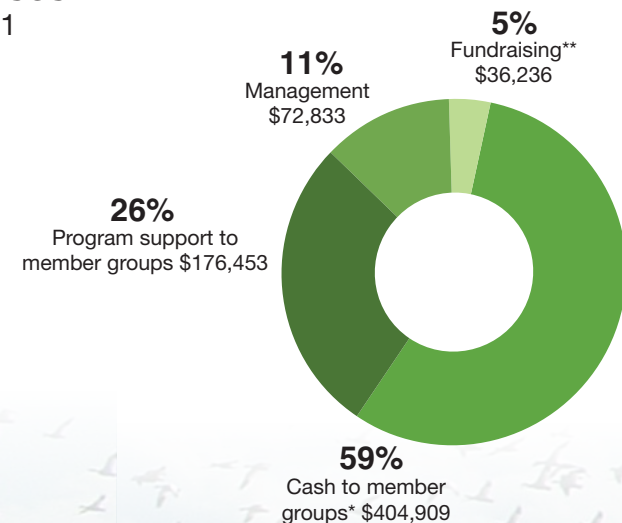

Thanks so much for your contributions last year, and please join us to make a greater positive impact in the coming year!

Theresa Albert invited an EarthShare member group to speak at a Bend Park & Recreation District all-staff meeting. Employee contributions jumped nearly 30 percent this year.

Ron Shoals helped raise more than \$1 million from a regional staff of 10,000 at Kaiser Permanente. He engaged staff at all levels, including management, to ensure a successful campaign.

Alyssa Lawless coordinated presentations for three EarthShare groups at Mountain Rose Herbs' campaign kick-off. Employee participation there is always near 20 percent.

“I have full confidence in EarthShare's expertise and customer service when it comes to charitable giving – we are fortunate to have them as a partner!”

Cary Stacey,  
Metro
