

QUARTERLY REPORT 1ST PROJECT DISBURSEMENT ID: ORG #103891
« Sponsor the education of 50 children of internally displaced persons (IDPs) in Yorosso, Mali »

Dear donors and GlobalGiving team,

Thanks to your generosity, our project **"Sponsor the education of 50 children of internally displaced persons (IDPs) in Yorosso, Mali"** has taken a concrete first step. We recently received an initial disbursement of USD 21.25. With this sum, we immediately took steps to meet the urgent needs of 04 displaced children at the Mangnoko Sanou school in Yorosso. Each child was able to receive a first school kit including:

- ✓ 1 pack of notebooks
- ✓ 1 backpack
- ✓ 2 pens
- ✓ 1 pencil
- ✓ 1 reading book

These supplies allow them to continue the school year and actively participate in their classes. The children and their parents were very happy to receive this support.

One of the beneficiaries, an 8-year-old girl named Salimata xxx, expressed her joy by saying: "Before, I didn't have a notebook to write in class and when it was time to read, I would approach my colleagues so that together we could follow their book. Now, I can do everything like my other classmates."

This initial support is a glimmer of hope for these families who have lost everything fleeing conflicts and violence from armed terrorist groups.

GRAFEM remains committed to pursuing its mission and achieving its goal of sponsoring 50 displaced children throughout the school year. Every contribution, however modest, has a real and immediate impact on the lives of these vulnerable children.

GRAFEM sincerely thanks the donors for your solidarity and your commitment to us.

The road is still long and every contribution counts.
