6. Story

- **Our Connection to the Beneficiaries**

Since **2021**, IDEP Foundation has run the **Family Bucket for Single Mothers** program to help single mothers in Bali meet their basic needs, originally launched in response to the COVID-19 pandemic.

- **Who We Are Helping**

This campaign supports **20 Muslim single mothers in Bali**, who rely on unstable daily wages and struggle with financial insecurity, particularly around Eid.

- **Their Challenges**

Single mothers in Bali face significant **economic and social struggles**. Most work in the informal sector as daily laborers, small traders, or domestic workers, with **unstable incomes and no job security**. Many lack access to education and skills training, making it difficult to find stable employment, especially in Bali's tourism-driven economy. Additionally, **social stigma against widows and single mothers** often leads to discrimination and isolation.

These challenges intensify during **Ramadan and Eid**, when financial pressures increase, making it even harder for them to provide for their children.

- **Our Efforts So Far**

With the support of public donations and crowdfunding platforms, this program has been running since **2021**, reaching **250 single mothers across Bali**. This campaign continues our mission to **help single mothers celebrate Eid without sacrificing their daily essentials**.

- **How Donations Will Be Used**

We need **Rp 21,000,000** to distribute **20 Eid Gift Parcels** filled with essential supplies, ensuring these mothers and their children can celebrate Eid with dignity. A portion of the funds will cover **logistics and distribution costs**, ensuring timely and efficient delivery.

- **Why This Fundraising is Crucial**

Ramadan is a month of blessings, where every act of kindness is multiplied. While many enjoy the joy of Eid, single mothers often face a difficult choice—**buying Eid essentials or saving for daily needs after the holiday**.

"Whoever helps fulfill the needs of their brother, Allah will fulfill their needs."

Through Eid Gift Parcels, we can bring joy and hope to these mothers, showing them they are not alone. Even the smallest contribution can make a big difference. InshaAllah, your donations will become an everlasting charity (*sadaqah jariyah*), bringing continuous blessings.

"Barang siapa yang membantu memenuhi kebutuhan saudaranya, maka Allah akan membantu kebutuhannya." (HR. Muslim, No. 2699)
