# Nunya Village

Nunya Village, meaning "Wisdom" in the Ewe language, is a vibrant hub of student entrepreneurs who blend tradition, creativity, culture, and innovation. Nestled at the foot of Adaklu Mountain in the serene Adaklu Tsrefe community, this haven of skilled artisans preserves cultural and traditional arts while protecting the environment. Nunya Village attracts arts and crafts enthusiasts, boosts the local economy, provides employment, and helps mitigate rural-urban migration.

## Our Goals at Nunya Village

### 1- Cultural Preservation:

Our primary goal is to pass on Ghanaian culture, traditions, and artisanal skills to young Ghanaians, ensuring the protection and preservation of our rich cultural heritage.

### 2- Global Sharing:

We aim to showcase Ghana's beautiful arts, crafts, and culture to the world. Our artisans share their knowledge, talents, and skills through exhibitions, allowing global audiences to experience and appreciate our heritage.

### 3- Community Development:

We strive to bring essential resources and funds into the local economy to support gender equality (SDG 5), quality education (SDG 4), promote good health and well-being (SDG 3), ensure responsible consumption and production (SDG 12), drive climate action (SDG 13), and protect life on land (SDG 15).

Achieving these Sustainable Development Goals relies on strong partnerships (SDG 17) with business partners, volunteers, and tourists who work alongside our student entrepreneurs at Nunya Village, boosting the economy of the entire region.

# Who We Are

Friends of Adaklu is a registered, volunteer-run NGO working in the underserved Adaklu District of Ghana's Volta Region. In a region where access to clean water, electricity, and fertile land is limited, we build community-led, sustainable programs in education, food security, healthcare, and economic development.

We partner with local leaders and global supporters to help communities break the cycle of poverty and build brighter futures.
