

Sunbeams: Illuminating Pakistan's Future!

Sunbeams has been running the PK100 program since 2014.

From a single spark to a trailblazer:
Starting from 1 school in 2014, Sunbeams has transformed 125 schools in 8 districts. 15,000 children are now learning, 250 teachers are empowering, and hope is radiating across communities.

ACCESS

Two pillars of our education program

QUALITY

Join hands, light the future:

Together, we can illuminate every corner of Pakistan. Donate, volunteer, spread the word – let's make 100% literacy not just a dream, but a reality.

Pakistan 100 for 100: Lighting the Way to Literacy

Pak100x100

Imagine a Pakistan where every child, even in rural areas, holds the power of knowledge, the power to transform their reality.

Where reading isn't a privilege, but a birthright.

Sunbeams is making that dream a reality with Pakistan 100 for 100: a movement to achieve 100% literacy by the nation's 100th birthday!

"The journey of a thousand miles begins with a single step."

We are planting seeds all over Pakistan, and growing literacy from the ground up.

Walking the path to 100% literacy:
ONE UNION COUNCIL at a time!

- 1 We select a union council
- 2 We identify every child, every out-of-school story within the Union Council through door-to-door surveys and data collection.
- 3 We establish low-cost, sustainable schools with an exciting curriculum
- 4 We uplift existing government schools, reaching remote communities
- 5 We bridge the gap through setup of non-formal schools for rapid learning
- 6 We collaborate with NGOs and charity schools, raising the bar together
- 7 We equip youth with vital skills through technical training centres
- 8 We nurture teachers and students through continuous training, mentoring and guidance
- 9 We track progress: every step, every milestone towards 100% literacy, over the course of 3 years

**ONE NATION, ONE GOAL:
ACHIEVING 100% LITERACY ACROSS PAKISTAN!**
