

Comprehensive Sexual Education Transforms Reality

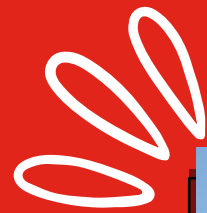

**Education is the most powerful tool
to prevent violence, stigma, and HIV
— and to build healthier
communities.”**

“Every conversation about respect, equality, and consent plants the seed of a more just and inclusive society.”

- **2,000+ adolescents and youth reached in Mexico City’s Xochimilco area and within UNAM and IPN campuses.**
- **100 workshops implemented successfully over the two-month period.**

During the sessions, many students expressed appreciation for having a trusted space to talk openly about sexuality—something often limited by taboo or misinformation.

Together, we can ensure that every young person has the right to learn, decide, and thrive.”
