Salud para Todos Los Niños (SPTLN)

Quarterly Report (April–June 2026)

Bringing hope and healthcare to Nicaragua's most vulnerable children

FNE INTERNATIONAL
PATHWAYS OUT OF POVERTY

During the current reporting period, Salud para Todos los Niños in León, Nicaragua, served a total of 169 children. The program population is composed of 109 boys (64%) and 60 girls (36%). The children supported by the program present a range of complex health conditions, with the most prevalent being congenital disorders (60 cases) and cerebral palsy (51 cases), followed by muscular dystrophy (15), Down syndrome (10), autism (9), and asthma (7). Additional conditions include chronic kidney disease and hydrocephalus (4 cases each), spina bifida (3), and smaller numbers of microcephaly, heart conditions, and cystic fibrosis (2 cases each).

In addition to medical support, the program continues to provide essential nutritional and logistical assistance to improve quality of life and access to care. Currently, 43 children receive nutritional milk, and 12 benefit from transportation support to attend medical appointments. Over the reporting period, the program facilitated 14 specialist consultations, 18 general medicine visits, and 14 pediatric appointments, ensuring continued access to critical healthcare services for participating children.

Quarterly Spotlight: Christian gets a new home!

Christian, one of our muscular dystrophy patients, has been living with his family in a two-room home made of plastic and scrap metal. Now, thanks to the incredible generosity of volunteers from California and donors in North Carolina, Christian and his family are preparing to move into a new wheelchair-accessible home—one that will provide greater safety, dignity, and security for years to come.

This new home is more than walls and a roof. It means a safer place for Christian to grow, for his family to care for him, and for all of them to look toward the future with greater hope. Join us in changing the lives of incredible children like Christian and supporting the families who care for them every day.
