Project Title: 1 Million Young Actors for Peace and Development

Project Number : 70680

NOVEMBER 2025

DEAR DONOR

Thank you for your interest in our "1 Million Young Actors of Peace and Development" project. Although we have not yet received any donations, we would like to inform you about our activities and our vision for this important project.

I. PROJECT OBJECTIVES

Our main objective is to mobilize one million young people as key players in promoting peace and sustainable development in their communities. We firmly believe that young people have the potential to bring about significant and lasting change.

II. INITIAL ACTIVITIES

Since the launch of our project, we have worked on several preliminary initiatives.

1. Awareness and Mobilization

We began creating partnerships with schools and youth organizations to raise awareness among young people about the issues of peace and development. Information sessions were organized, targeting 200 young people and reaching nearly 510.

2. Leadership Training:

We have developed a training program for former young community leaders. This program aims to provide them with the skills necessary to lead local peace initiatives.

III. NEXT STEPS

We look forward to continuing our work and launching more concrete activities, including:

1. Training Workshops

Plan practical workshops on conflict resolution and community development.

2. Mobilization Events

Organizer of community events to bring young people together around the themes of peace and development.

Thank you for your interest in our project. Your support can transform the lives of a million young people by giving them the tools they need to become agents of change in their communities. We promise to keep you informed of our progress and achievements in the coming months.
