

Why Music Education?

Few experiences are more powerful for a young musician than the chance to not only hear, but also learn from some of the world's greatest musicians. Chamber Music Northwest shares the music we love with young people throughout our community through coachings for young artists, workshops, performances for students, family concerts, and much more.

Chamber Music Northwest serves thousands of people in Oregon and Washington with exceptional chamber music through 100 events annually, including concerts, outreach activities, educational programs, broadcasts, and collaborations with other arts groups. CMNW is thrilled to share unique, rich, and diverse musical experiences in a community that is also unique – seeking beauty, proportion, quality of life, and sustainability. We strive to give our region the chance to experience this music in a way that is accessible, approachable, and affordable.
