Over the 21 years of bringing students to Vida Verde, the mission remains a constant - to provide experiences in nature that our students deserve! Vida Verde creates a safe place to trust themselves, to receive not only nature's gifts, but those of self-love and the realization of what is accessible and possible.

Vida Verde is out of this world! But really, it is what our world should be like every single day, for every single body. This was an epic first time for most of my students and I am so excited they were able to have a taste of what life is truly about: nature, compassion, generosity, curiosity, respect, FUN, and above all, LOVE!
