**POWER IN UA – THE ENERGY
OF GOOD DEEDS THAT
ENLIGHTENS THE FUTURE!**

www.powerinua.com

LET'S BUILD A STRONG AND INDEPENDENT COUNTRY!

WHO WE ARE? OUR VALUES

The Power in UA Foundation is an organization that works to support communities, displaced people, children and other Important social initiatives

We implement projects that contribute to improve living conditions, the development of local communities, supporting cultural initiatives and strengthen overall community resilience.

The “CLEAN WATER” project 2024

The “Clean Water” project — water filtration for communities.
Goal: ensuring access to clean drinking water for communities in the Kharkiv region. Project partners: HelpingUkraine.us and Razom for Ukraine.

There were 8 filtration stations installed:

- Tsyркuny
- Velykyi Burluk
- Rus’ka Lozova
- Derhachi
- Malynivka
- Rohan’
- Mala Danylivka
- Military Academy/Institute of Tank troops

More than 70,000 people received access to clean water

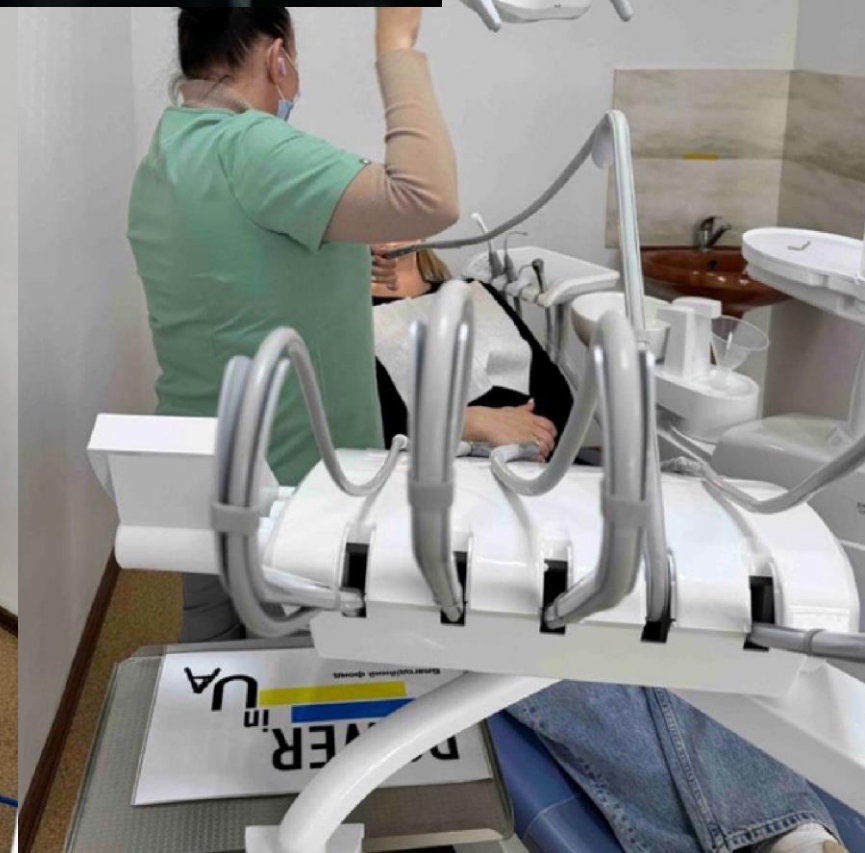

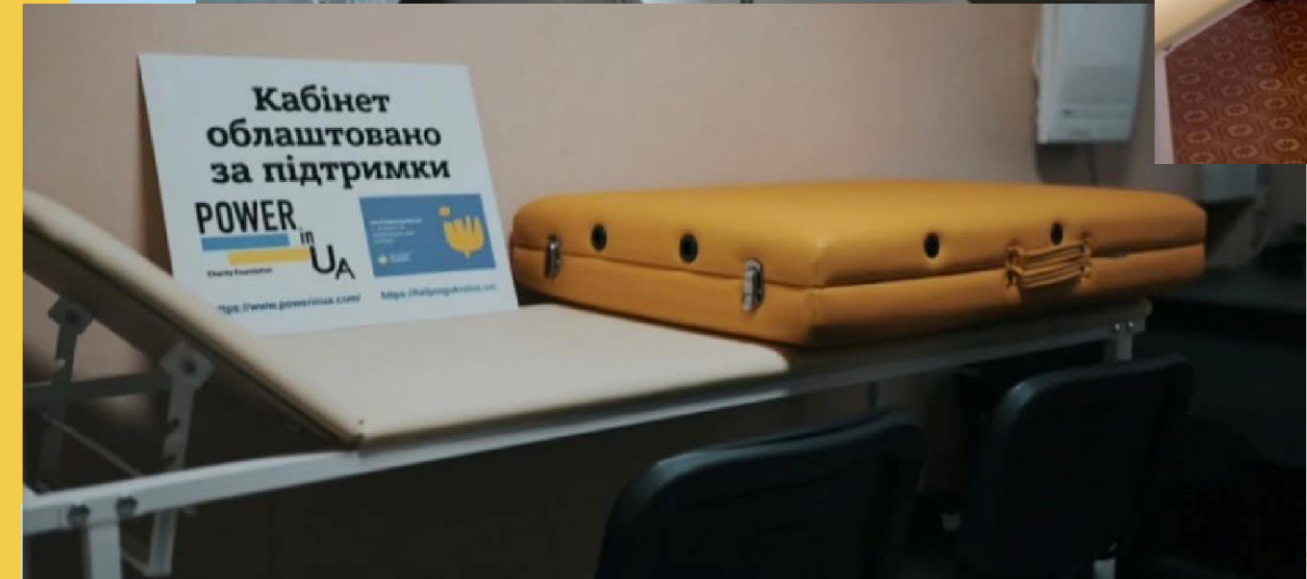

PROJECT "CARE AND HEALTH FOR EVERYONE"

Goal: improve medical services in remote communities. Project partner: HelpingUkraine.us

Implementation:

- Dokuchayevske village: family doctor's office, physiotherapy office, gynecological office.
- Khoroshevo home for the elderly and disabled: senior nurse's office, physiotherapy office.
- Blyznyuki hospital: dental office.

Impact: improved conditions for medical examinations and procedures in these communities

THE “STEP TO COMFORT” PROJECT

Goal: improve living conditions for displaced persons. Project

Partner: HelpingUkraine.us

Implementation:

- In the village of Vysochynivka, bathrooms, showers, and a laundry equipment were installed.
- A summer camp for 70 children..

Impact: conditions for displaced persons have been improved, and Children have been given the opportunity to relax in the camp.

"Active Kids - Strong Future" Project

Goal: development of physical activity among children. Project partner: Hope4Ukraine .

Sports grounds were installed in the villages of Tsyркuny and Vysochynivka.

Impact:

Children were given the opportunity to engage in sports and stay active

“CULTURAL HERITAGE” PROJECT

Goal: Support musical groups and foster the development of cultural heritage. Program partner: HelpingUkraine.us

Implementation:

- Supporting musical groups in Vysochynivka, Rohan’, and Khroli through the provision of musical instruments
- 35 children from these communities participated in and International music festival

Children were given the opportunity to develop their musical talent on an international stage.

Support for the Tsyrkuny Community

With the support of HelpingUkraine.us, the Power in UA Foundation delivered a mini-tractor to the Tsyrkuny community. This is an important step toward restoring and developing agriculture after the destruction caused by the war. The equipment will make it possible to cultivate land more efficiently, maintain public spaces, and support local community initiatives.

Together we rebuild.
Together we are stronger.

CULTURAL HERITAGE OF KHARKIV REGION CHILDREN'S MUSICAL FESTIVAL

As part of supporting cultural life in de-occupied and affected areas the Power in UA Foundation helped children from the Rohan' community participate in a music festival.

Participants performed traditional and contemporary Ukrainian songs.

The festival became a space for self-expression, communication, and inspiration

Support for logistics, accommodation, and performance preparation was provided with the assistance of Power in UA and HelpingUkraine.us

Culture — a means of restoration and a source of strength for communities.

DORMITORY PROGRAM FOR PEOPLE WITH VISUAL IMPAIRMENTS

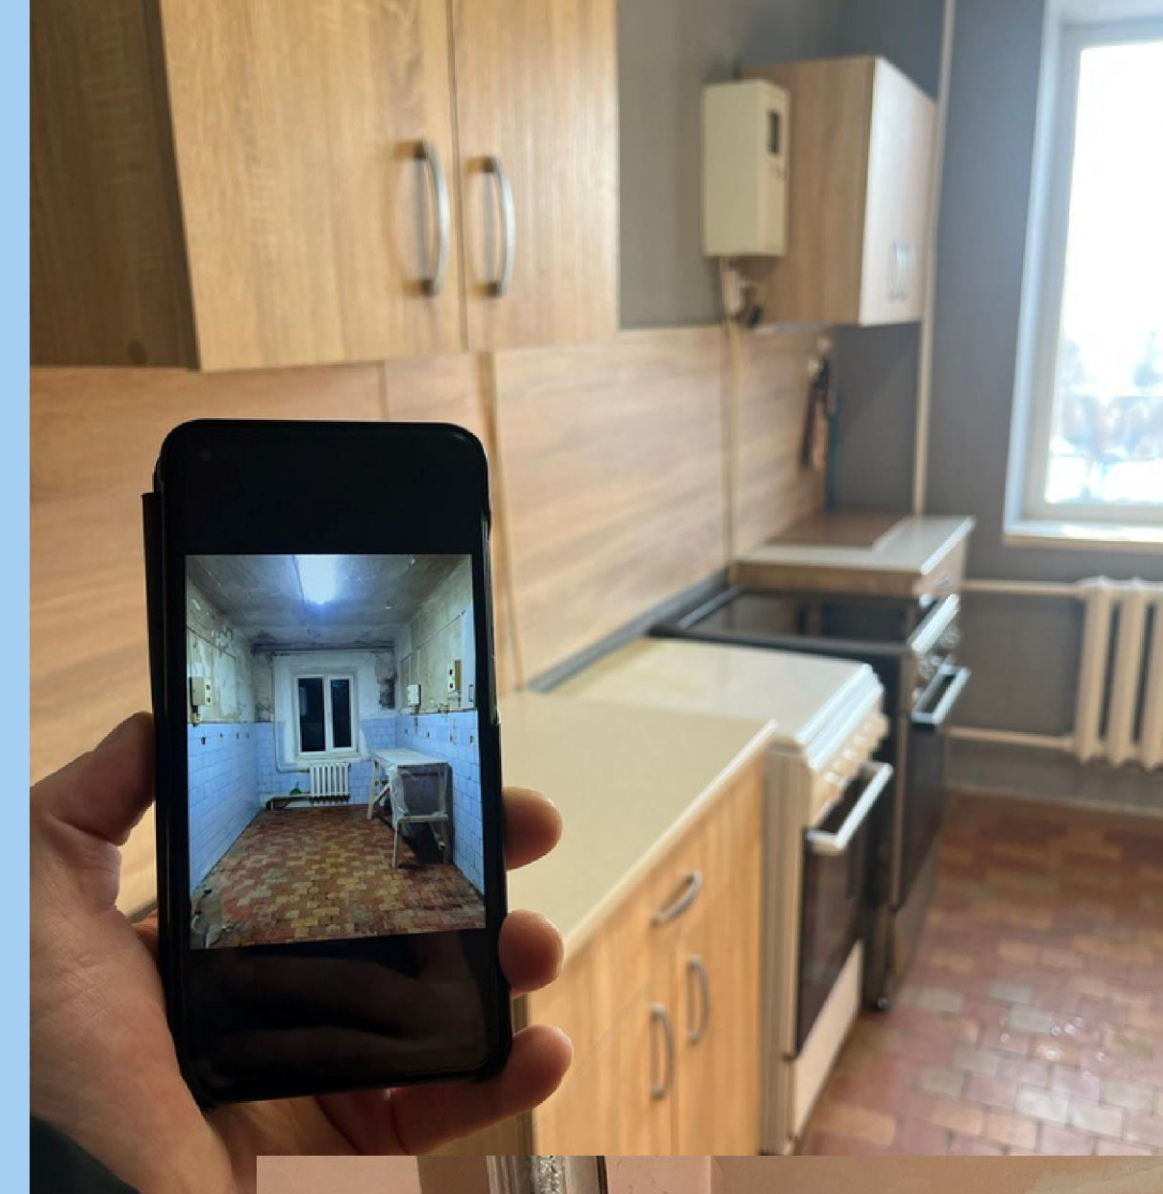

Goal: Improve living conditions for people with visual impairments.

Project Partner: **You Are The Angel**

Implementation:

- Purchased and installed a gas Heating and Ventilation system
- Renovated and equipped the kitchen.

Improved living and household conditions for the dormitory residents

Program: Light Assistance

Goal: Improve access to stable electricity in communities.

Implementation:

A transformer was installed in the Tsyrkuny community, providing electricity to 120 homes. This project helps improve electricity supply, which is essential for the normal functioning of households and local businesses.

Impact:

- Provided stable electricity for local residents.
- Improved living conditions and support for economic activities.

Program Partner: HelpingUkraine.us

PROGRAM “BRING JOY TO CHILDREN”

Goal: Create a festive atmosphere for children from communities affected by military actions.

Implementation

- Organized a festive event for 160 children in Krasnokutsk.
- Held New Year celebrations for children from communities impacted by hostilities.

Impact:

- Children experienced positive emotions and a sense of celebration.
- Supported the psycho-emotional recovery of children after stressful situations.

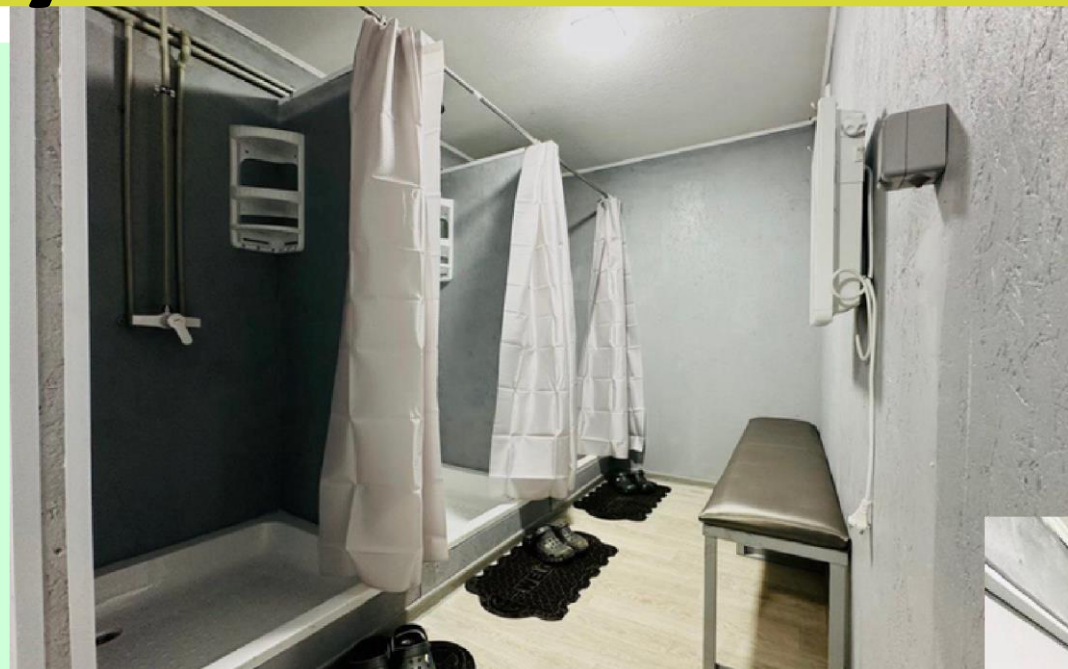

Program: Mobile Shower and Laundry Complex for the Military Academy

The Power in UA Foundation developed and implemented a project for a mobile shower and laundry complex based on a 20-foot container to support military academy personnel. The complex provides soldiers with the ability to maintain personal hygiene and have access to clean clothing.

Impact on the Military Academy:

- Provides comfortable conditions for personnel during extended periods at their positions.
- Improves hygiene among soldiers, which is important for maintaining health and morale.
- Enhances the ability to keep clothing clean a critical factor in field conditions.

International Activities of the Power in UA Foundation

Power in UA actively represents the interests of affected Ukrainian communities at the international level, engaging partners, donors, and support for regional projects.

- Participated three times in Ukrainian Advocacy Days in Washington, D.C.
- Held meetings with U.S. Congress members and government representatives to advance the key needs of the Kharkiv region — from energy and humanitarian aid to support for children’s initiatives.
- Organized an exhibition of children’s drawings in Dayton, Ohio, featuring works by children from frontline communities in Kharkiv Oblast.
- Participated in a charity fair in Cincinnati, Ohio, presenting the foundation’s activities and building connections with American families, volunteers, and the Ukrainian diaspora.
- Held meetings with international foundations and volunteer initiatives in the U.S., reaching preliminary agreements for future joint projects.

Strategic Goal:

Build sustainable international partnerships to support Ukrainian communities during and after the war.

Project “Clean Water” Corteva Agriscience & Global Giving

Чиста вода для громад з великою кількістю ВПО

The Power in UA Foundation, in collaboration with the international company Corteva Agriscience and the GlobalGiving platform, implemented a project to install two modern water filtration stations in Kharkiv Oblast.

📍 Merefa – the station was installed on the grounds of the central hospital, serving both local residents and a significant number of internally displaced persons (IDPs).

📍 Pischyn (Nadiya district) – the filtration system was installed next to a newly built school, which has become a key social hub for the local community and IDPs.

This project aims to improve access to safe drinking water for residents of communities affected by the war and hosting a large number of displaced people.

We thank our international partners for their support and trust.

Energy Independence for communities

The Power in UA Foundation is implementing a project in the village of Rogan to install a 65 kW solar power station as part of the “Energy Independence for Communities” program. Thanks to this solution, critically important community facilities — including the outpatient clinic, water pumping and distribution stations, and the children’s creativity center — will be fully powered. This will help **reduce electricity costs, increase energy security, and make the community more resilient** to the challenges of war and crises.

With the support of the **Canada-Ukraine Foundation and The Ukrainian Canadian Congress**

CANADA-UKRAINE FOUNDATION
FONDATION CANADA-UKRAINE
КАНАДСЬКО-УКРАЇНСЬКА ФУНДАЦІЯ

2025: A Year of International Recognition and Partnerships for Power in UA

In 2025, the charitable foundation **Power in UA** actively worked on the international stage, securing vital support for Ukraine. Through focused communication with American businesses and municipalities, we organized a visit of a U.S. business delegation to Ukraine, where they met with community leaders to discuss opportunities for cooperation, reconstruction, and infrastructure development.

The foundation received **letters of recommendation** from the cities of Cincinnati, Columbus, Albuquerque, and others, confirming the high level of trust in our work.

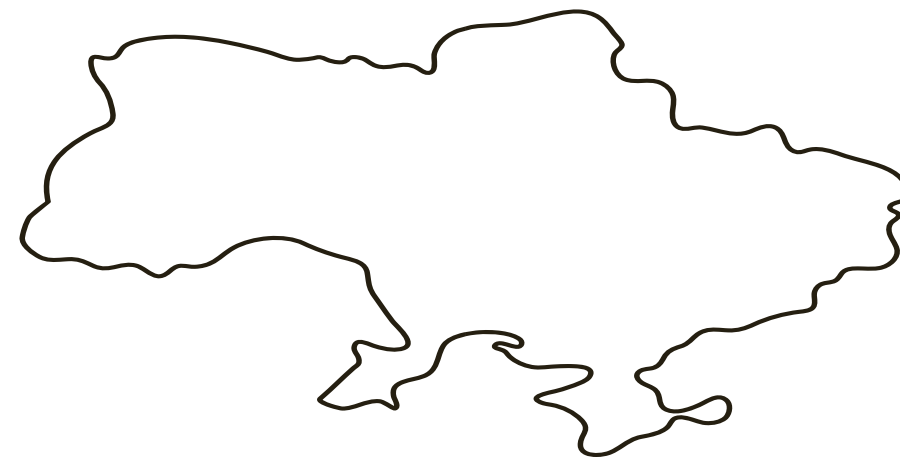

Also in 2025, Power in UA successfully passed **international identification on several platforms**, including U.S. government systems, enabling us to officially participate in international grant and government support programs.

This marks an important step toward **sustainable partnerships with the international community** for the benefit of Ukrainian communities.

The mission of the **Power in UA**

The **Power in UA Foundation** was established as a response to the challenges of war, bringing together resources, volunteers, and international partners to support people in frontline and affected communities of Ukraine, with a special focus on the Kharkiv region.
