Message from the President

Every child deserves the chance to learn, grow, and thrive. Education isn't a privilege—it's a fundamental right and the foundation for a brighter future. Let's work together to make sure no child is left behind...

It gives me immense pleasure to present the Activity Report of **DMR School for the academic year 2024–2025**. As we step into another year of service and transformation, I humbly thank the Almighty for guiding us through yet another meaningful chapter in our journey.

This year holds special significance as we proudly mark the **Completion of a Decade: Empowering Children with Education**. It is both a moment of reflection and celebration — ten years of relentless effort, countless challenges, and, most importantly, hundreds of young lives touched by the power of learning.

DMR School continues to stand as a beacon of **hope and opportunity** for children who are often overlooked by society. Staying true to our vision, we have continued to provide **free, quality education** to underprivileged and neglected children — a mission that demands perseverance, compassion, and an unshakeable belief in change. The road remains challenging, especially under financial constraints, but every step forward reaffirms that this effort is making a lasting difference.

This year, we have witnessed **encouraging growth** — both in numbers and in spirit. The strength of our students has increased, the enthusiasm among our teachers remains high, and most importantly, our children are learning, growing, and thriving. The **academic performance** of our students, particularly in the SSC results, speaks volumes about the hard work put in by both learners and educators alike.

One of the most fulfilling aspects of this year has been our focus on **holistic development**. True to our founding philosophy of 360-degree growth, we have integrated academic excellence with extracurricular engagement to nurture well-rounded individuals. Whether through arts, sports, or life skills training, our goal remains the same — to shape confident, capable, and compassionate citizens.

I extend my heartfelt appreciation to our dedicated team, whose unwavering commitment continues to push boundaries. I also sincerely thank our Board for their constant support and wisdom.

Above all, I am deeply grateful to our **donors, partners, and well-wishers**. Your generosity and belief in our mission have once again empowered us to take bold steps, create better learning environments, and give every child the chance to dream big.

As you go through this report, I invite you to see not just our achievements, but also the lives that have been touched, the dreams that have taken flight, and the future that we are building — together.

I take this opportunity to thank all our stakeholders including our partners, sponsors, individual donors, beneficiaries, their families, staff, volunteers, our Board etc. Of course, a special mention goes to ESCO and Synchron without whose support it would have been very difficult to sustain, scale up and strengthen our efforts. Their support is highly commendable in terms of the impact that is being generated as a result of it. Every rupee counts in our endeavour to support the disadvantaged communities of Hyderabad. I convey our sincere thanks to one and all....

DR. MOHAMMAD RAFIUDDIN

Our Partners

Looking
for CSR
Partners

We are truly thankful for your generous support and invaluable contributions. Your unwavering backing fuels our mission and keeps us grounded in our work with the needy and deserving.

Our association with **ESCO** is deeply valued, and we eagerly look forward to continuing this meaningful journey together—empowering those who need it most.

Words may fall short in expressing our gratitude... but from the bottom of our hearts, we extend a heartfelt salute to **ESCO** and all its esteemed Board Members.

We extend our heartfelt thanks to **Synechron Technologies** for their continued support and belief in our mission. Your generosity and encouragement have added strength and purpose to our efforts in promoting educational empowerment among underprivileged children.

Your active involvement and genuine interest in our work have made this partnership truly special. We deeply value this collaboration and look forward to many more impactful milestones together.

With immense respect and gratitude, we offer a big salute to **Synechron** for walking with us on this meaningful journey.

We extend our sincere thanks to **NAM Foundation** for their thoughtful support in providing **175 students (VI to X) with books and school bags**. Your generous gesture has brought Bliss and empowerment to our students and added great value to their learning journey.

We truly appreciate your contribution and look forward to continuing this shared mission of uplifting and empowering young minds.

Acknowledgment & Appreciation

Every donor is equally important to us and so every donation irrespective of its volume. We believe every drop adds to the ocean and that the ocean remains unfulfilled with that single drop. We take this opportunity to thank each and every donor for their generous contributions. Your support has made all the difference and as such we share our success with you. Irrespective of your volume of support we value your trust in our work and shall always try our best to sustain it. We assure you that your money will always be utilized for the purpose and we are accountable for every penny donated for our cause. We Salute one and all for your kind support without which it would have been difficult to reach our targets.

Thank You, Lion Dr. Kiron

On behalf of the entire team at Hyderabad Council of Human Welfare (HCHW), we extend our deepest gratitude to **Lion Dr. Kiron**, CEO & Founder of **SUCHIRINDIA**, for his extraordinary generosity and unwavering support.

Thank You – Dr. (Mrs.) T. Saraswathi

Thank you for your generous support. **Dr. (Mrs.) T. Saraswathi-SOLON INDIA PRIVATE LTD** kindness is bringing hope and brighter futures to the children we serve. We are truly grateful. Your kindness is making a real difference—and inspiring brighter futures. Thank you for standing with us.

SOLON

Running a full-fledged institution ensuring quality and results is not an easy affair to manage. It requires consistent commitment of internal team as well as regular support from different external sources too. There are several individuals and institutions who deserve to be thanked for the various services, timely help and support. It is indeed a huge challenge to acknowledge everyone by name. We Salute one and all and do convey that we are here only because you are there with us...

OVERVIEW

Hyderabad Council of Human Welfare was established in 1990 by Dr. Mohammad Rafiuddin, a young and energetic social work professional. HCHW attempts at empowering individuals, families and communities by building their resilience to cope up with situations and live a dignified life enjoying their rights and entitlements. We work with neglected children (living on streets and in other difficult circumstances) and marginalized urban and rural population, addressing the issues of protection, education, health and livelihoods. We have reached out to more than 1,31,912 children as on 31st March 2025. Renowned national and International Organizations, including Novib, Wereldkinderen, CRY, International Labour Organization, International Organization for Migration, FHI, Clinton Foundation, UNICEF and many others along with the local government have partnered to support our various initiatives.

Background of DMR School

While working with children living on streets and in other difficult circumstances, we have realized that all our efforts are focused upon curative aspects that starts once the child leaves his/her home and lands on street living all alone or in any other crisis situation. As a result, most of our beneficiaries need the services of Residential Care Centre and whole long process whereby they de-learn their learnings and gets on to the track of rehabilitation. The entire process of rehabilitation and mainstreaming is not only time consuming but also involves huge cost. Next, proportionate to the number of children we rehabilitate in a year, the number of children coming on streets is much higher. Thus, we started thinking in terms of including and addressing the preventive aspect also along with curative option with regard to these children. We felt that it is imperative for us to address the issue of prevention of children from coming on to streets in order to complete the continuum of care for these children. Available data support and the rich experience gained during the long period of working with children and their families confirms that children who are orphans; who have single parent; who have both parents but both involved in daily wage earning are devoid of care and parenting and therefore highly vulnerable and at risk of leaving their home and landing on streets.

OVERVIEW

It is observed that while the parents are at work, the children who do not go to school loiter in the neighborhood the whole day. As they grow up their loitering does not restrict to their neighborhood alone and it extends beyond that. It is easier for such children to think in terms of staying on their own on streets with other peers. Some parents realizing the issue engage the children into labor at an early age thinking that the child will learn some skills and at the same time add on to the family income. They fail to understand that in the process the child becomes more independent and thus it becomes much easier for him to think in terms of staying on streets on his own and fulfilling his desires which are not met at home. Hence, it has been decided to scale up the program to include and address the preventive aspects.

It is believed that engaging and imparting education to children is the best option to address the issues of protection, well-being and safeguarding their rights. We believe that education is the non-negotiable right of every child. Education is in fact the only ladder for the growth and prosperity of human beings. It is also one of the best mechanisms to ensure the protection of children while the parents are at work during the day time.

As a result, a beginning was made in July 2013 and we succeeded in enrollment of 80 children by end of August 2013. DMR International School is in fact a platform for such children to seek education on par with those children who can afford fees to seek education in reputed schools.

Vision

Producing future leaders-efficient and realistic achieving success in different spheres of life while being responsive and sensitive to the social, ecological and ethical concerns

Mission

Providing a secure, enabling and nurturing environment where children can grow and develop into responsible and resourceful citizens

Academic Performance

Academic Performance

The DMR School has successfully completed Ten academic years and is doing exceptionally good in terms of identification and mobilization of deserving children and their educational empowerment by providing free of cost education along with books, bags, stationary, uniform and transport facilities. During the academic year (2024 -25), 421 children studied in the school. The academic performance of these children is presented in the table below.

Honoring Our SSC Toppers

We take immense pride in celebrating the outstanding achievement of our SSC Toppers for the year **2023-2024**, whose dedication, hard work, and perseverance have brought great honor to DMR School. This accomplishment is not just a personal milestone but a reflection of the values we uphold — resilience, focus, and the pursuit of excellence.

Congratulations on this remarkable achievement — we are proud of all our students and excited to see the bright future that lies ahead!

Celebrations @ DMR

Environment Day

Environment Day reminds us to care for our planet. At DMR School, we encourage students to protect nature through simple actions like planting trees and keeping our surroundings clean. Together, we can build a greener future.

Celebrations @ DMR

@Rashtrapati Nilayam/ President House

We are thrilled to share that our students had the incredible honor of visiting **Rashtrapati Bhavan (President's House @ Hyderabad)** on **Independence Day**, by special invitation from the President's office. This prestigious recognition is a moment of pride not only for the student but for all of us at **Hyderabad Council of Human Welfare (HCHW)**. It reflects the potential, talent, and promise our students hold—and the power of providing them the right support and opportunities.

Teachers Day

DMR School hosted a heartfelt Teachers' Day celebration to honor and appreciate the vital role teachers play in shaping students' lives. The event was conducted with great respect and admiration, serving as a tribute to the unwavering dedication, effort, and commitment of educators in nurturing young minds and guiding the future generation.

Gandhi Jayanti Celebration

DMR School celebrated Gandhi Jayanti with great enthusiasm, paying tribute to the Father of the Nation, Mahatma Gandhi. The event featured patriotic songs, speeches on Gandhiji's life and values, and activities promoting peace, non-violence, and cleanliness. It was a meaningful occasion that inspired students to follow his principles of truth and simplicity.

Republic Day Celebration

DMR School celebrated **Republic Day** with great enthusiasm on **26th January**. The event began with the **hoisting of the national flag**, followed by the **National Anthem**. Showcasing the spirit of unity and love for the country. Teachers spoke about the significance of the day and the importance of the **Indian Constitution**. The celebration was filled with joy, pride, and a sense of patriotism among students and staff.

A Journey of Strength – Sumera Sultana, VIth Class

Sumera Sultana's story is one of quiet strength and resilience. She enrolled in our school in **Grade LKG** and is now continuing her education in **Grade VI**, determined to build a better future for herself and her family. Her journey hasn't been easy. **Seven years ago, she lost her father to a heart attack**, leaving her mother as the sole breadwinner. Her mother, a **lady's tailor**, lives separately in her mother-in-law's house and supports the family on a meagre income of **₹5,000 to ₹6,000 per month**. Despite the many struggles, she works tirelessly to care for her children and keep them in school.

Since joining our school, **Sumera and her mother have felt a sense of relief and hope**. The support, care, and educational opportunities provided have helped ease their burden. Today, Sumera is focused, confident, and dreams of a brighter tomorrow — a true reflection of how education can empower and uplift lives.

A Journey of Strength – Mahek Begum, VIth Class

Mahek Begum had to leave her previous school as her family could no longer afford the fees. After her father's demise six years ago, her mother has been the sole breadwinner, doing Khada Dupatta work to support their family of seven children. Living in a rented house, four of her brothers are in a hostel, while Mahek and her three siblings—one brother and two sister—are now studying at DMR School.

With the support they receive, the family feels a renewed sense of hope. Mahek is now dreaming bigger, with confidence and joy lighting her path toward a brighter future.

A Journey of Strength – Zuha Mariyam, Illrd Class

Zuha Mariyam's life took a difficult turn when she lost her father to cardiac arrest in March 2022, at just three years of age. Her mother, a hardworking tailor, was left to raise her alone. In search of a better future for her daughter, she came across DMR School and enrolled Zuha in LKG.

Today, Zuha is in 3rd Class and continues to grow with confidence and joy. With the school's support—covering education, books, and other essentials—her mother feels deeply relieved and grateful. Zuha now dreams of becoming a teacher and inspiring other children, just as she has been inspired.

A Journey of Strength – Mohammed Ahmed, VIth Class

Mohd Ahmed, a Class VII student, lost his father in 2007. His mother, working as a housemaid, struggles to support the family, which includes Ahmed's grandmother. Amidst hardship, she found hope in **DMR School**, where her daughter completed her SSC education.

Inspired by his sister's success, Ahmed now dreams of becoming an **engineer**. Despite financial challenges, he remains focused and determined. His journey reflects how access to quality education can spark transformation and hope for a better future.

We ourselves feel that whatever we do is just a drop in the ocean. But the ocean would be less because of that missing drop

A True Value for your giving

APPEAL

Ever Since HCHW began, way back in 1990, we have always had an innovative approach to our work as times change and this year has been no exception. In fact, this year has seen us take a huge leap of faith and scaled up our mobilization campaign to enroll more needy students in DMR International School, our educational empowerment initiative offering free education (including text books, note books, stationary, uniform and transportation etc.) to disadvantaged children.

In order to sustain our initiative, we have undertaken sponsorship drive and herewith appeal for your kind support to come forward and sponsor a child/child. We hope your support may help us reach out to even more children as we are, at present catering to the needs of around 400 children, only scratching the surface of the problem of children out of education and on the streets in Hyderabad.
