

Two Years Thirty Houses

100 happy faces

Message from Core Team

Friends, Well wishes, Donors and Ambassadors,
Thirty Families were praying for many years for a house.
God has answered their prayer.

God has used the core members and the donors of Project Shelter to move them from homelessness to a life of dignity.

Two years and thirty houses.

We began with a dream for a houses every month.

We have achieved more than our target.

It is very satisfying.

It has been very satisfying for the 100 odd people in those houses. Also to all those who donated the little amounts. Let us celebrate our joy and satisfaction. We have won the first battle. We proved again that with public partnership anything is possible. When creative minds bring together compassionate hearts, great social changes are made possible.

We proved that your little drops of goodness (1000 rupees) can create a deluge of social change.

Thanks every one for being the change you always wanted to be.

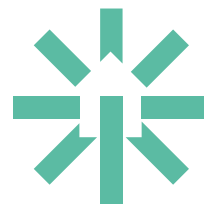

For Project Shelter,

Fr George Kannanthanam
Founder & Director

**PROJECT
SHELTER**

Our Story

Homelessness is a significant challenge facing humanity. Currently, one billion people around the world lack access to safe housing. In fact, one out of every six individuals in our urban areas lives in slums, which negatively impacts their health, safety, and dignity.

Project Shelter aims to address this pressing issue. A group of ten dedicated individuals from various backgrounds, with expertise and commitment, has come together to initiate a housing movement under the leadership of Fr. George Kannanthanam. His efforts has resulted in making more than 1500 houses across the country and beyond.

Now it is a movement. A movement to love the homeless!

Our Vision

A world where every family has shelter.

Our Mission

We provide homes to deserving families, fostering hope and dignity through collective efforts.

Shelter Donors

Shelter Donors contribute 1000 rupees every month, helping fund the movement for house construction.

Shelter Ambassadors

Shelter Ambassadors contribute 1000 rupees monthly and drive the movement by motivating at least 10 others to do the same. They also maintain regular contact, keeping them updated on project developments via our website.

A Dream Realized

"My only dream was to see my bedridden husband in a safe home of our own. Project Shelter filled the financial gap and built our house when we had no resources. My husband's final wish to live in our new home came true on inauguration day. He lived there for 72 blessed days, telling me with tears of joy, 'Now you have a safe home to live with dignity.' Our family remains forever grateful to Project Shelter for making this dream a reality."

— Lakshmiikutty & Family

A Sanctuary of Hope:

"After my husband's sudden passing, I faced the unimaginable—alone with three children, two deaf and mute, and my eldest daughter battling severe mental health challenges following a traumatic suicide attempt. With no support system and no shelter, hope felt like a distant memory until Project Shelter became God's answer to my desperate prayers. They didn't just construct a building; they built us a sanctuary where healing could begin and dignity could be restored. Today, within these walls, we've found more than safety—we've discovered the strength to face tomorrow together, and our family's heartfelt thanks goes to Fr. George and every compassionate donor who transformed our deepest despair into a living testament of hope."

— C. Bindu & Family

30 Project Shelter Families

Families with disabilities - 12
Families with terminal illness - 5
Number of widows - 10
People in disasters - 3

Founder & Director

Fr. Dr. George Kannanthanam claretian priest and Social worker, has been the driving force behind our initiatives. With a Master's degree in Social Work and a Doctorate in Sociology, he authored "THE EMPTY NEST", a comprehensive book outlining his innovative rehabilitation model for the leprosy affected. Fr. George's exceptional contributions have earned him national recognition, including the National Award from the Government of India, the Mother Teresa Award, and the Best Citizen of Bengaluru Award, among others. His relentless dedication continues to inspire us all.

Join us in our mission to bring hope, shelter and compassion to those in need. Together, we can create a world where everyone has a place to call home.

To transfer funds from accounts in other countries, please refer our website.

Your donations are tax exempted under 80G of the Indian Income Tax Act.
