

## **8 Church Clinics:**

### **Bringing Health Within Reach**

**Implementing Organization:** Constantine African Foundation (CAF)

**Strategic Partner:** Orthodox Church Ghana

**Total Budget:** USD 1,000,000 (Construction & Finishing Only)

**Funding Source:** 100% Donor Contributions

**Project Type:** Non-profit Humanitarian Infrastructure Initiative

#### **PAGE1- EXECUTIVE SUMMARY**

The Constantine African Foundation (CAF), in partnership with the Orthodox Church Ghana, is launching the construction of **8 modular medical clinics** within parish compounds across Ghana.

Each clinic will be a **ready-to-operate modular unit**, designed from prefabricated containers for affordability, durability, and efficiency under Ghana's rising material and tax costs.

Phase I includes **construction and architectural finishing only**, excluding medical equipment and operational supplies, which will be funded later through dedicated donation campaigns.

CAF operates under Ghana's NGO tax framework with **partial exemptions (40–65%)**, therefore all cost estimates include inflation and tax variations for accuracy.

**EACH CLINIC MEANS A MOTHER TREATED, A CHILD VACCINATED, A FAMILY NO LONGER WALKING MILES FOR CARE.**

#### **PAGE 2 - PROJECT OBJECTIVES & STRATEGY**

##### **Primary Objective:**

**Build 8** modular, faith-based clinics that bring accessible healthcare to underserved communities across Ghana.

##### **Specific Objectives:**

1. Construct clinics compliant with Ministry of Health (MoH) standards.
2. Employ local engineers and artisans, stimulating local economies.
3. Ensure completion despite inflation or import delays.
4. Maintain full donor transparency and quarterly financial audits.
5. Reinforce community trust through Orthodox Church partnerships.

## **Implementation Strategy:**

CAF will engage pre-qualified modular builders, supervised by MoH engineers. Progress advances in phases aligned to verified donor contributions.

**Immediate funding ensures faster completion and earlier access to healthcare.**

### **Economic Note:**

With inflation at **23–28%** and import taxes high, an **8% Economic Adjustment Reserve** is integrated to safeguard continuity.

**This ensures CAF never pauses a clinic mid-construction due to cost surges.**

**PAGE 4 - GOVERNANCE, TRANSPARENCY & IMPACT**

**Governance Structure:**

**CAF** retains executive authority under the oversight of its Board of Trustees. The Orthodox Church Ghana provides land and local coordination, ensuring long-term community ownership.

**Transparency & Accountability:**

- Quarterly reports and public audits on GlobalGiving Portal.
- Tax-inclusive costs published in line with Ghana Revenue Authority standards.
- Dual audit process: CAF internal review + external verification.

**Expected Impact:**

- 30 modular clinics built and ready for equipping.
- Creation of jobs across construction and logistics sectors.
- A replicable model for low-cost, faith-based healthcare infrastructure.

***Transparency is our covenant — not a condition.***

**PAGE 5 — DONOR ENGAGEMENT & CLOSING STATEMENT**

This initiative is not charity, it is a **shared investment in life and dignity.** Every contribution directly determines how many clinics can be completed.

**Donation Impact Matrix:**

**Donation (USD) Direct Outcome**

\$100	Builds one square meter of structure
<b>\$1,000</b>	<b>Covers foundation materials</b>
\$15,000	Builds one modular wing
<b>\$61,700</b>	<b>Completes one full clinic shell</b>

**Funding Principle:**

Every **contribution directly accelerates construction, your GIFT builds the next clinic**

**Immediate funding means immediate impact, every dollar shortens the distance between illness and healing.**

**Closing Message:**

Each donor becomes part of Ghana’s story of healing.

Your contribution builds more than clinics, it builds futures, restores dignity, and delivers life where it’s been out of reach.
