NHSD

Network for Human and Social Development

Established in 2012, Network for Human and Social Development (NHSD) is a not-for-profit non-government organization. It is registered with Social Welfare Department ICT, Pakistan Center of Philanthropy and Economic Affairs Division.

Since 2012, NHSD has been a significant support for more than 60 national and international organizations and has been recognized on various platforms for the work that has been achieved by its team.

Team:

The team is led by Dr. Fauzia Moghees, Executive Coordinator. She completed her MBA from Preston University in 2003, and has been actively supporting endeavors towards empowering the people of her beloved homeland for the better. Currently her team is composed of young, sincere, dedicated individuals, who have helped in the achievement of both ongoing and completed projects.

External Awards:

On 20 August 2023, Dr. Fauzia Moghees was awarded a memento by Selani Welfare and Junior Jinnah Trust for her tireless endeavors towards supporting humanitarianism and networks focused towards them. She accepted them on behalf of NHSD.

On 21 March 2020, NHSD was awarded the hero in war against COVID-19 appreciation certificate.

NHSD has a significant outreach spanning all seven provinces.

Network for Human and Social Development

Forwards

Founded in April 2012, Network for Human and Social Development has been at the forefront of disaster risk management and reduction. NHSD has been consistently focused towards its goal of resilient communities and reliable and sustainable livelihood and preventative strategies which empower individuals and communities to help themselves. Our response has been appreciated by the government and, in this year, has been especially appreciated also by our international donors. With “The Corporate Humanitarian and Strategic Achievement Shield” at Aiwan-e-Sadar Islamabad by His Excellency The President of the Islamic Republic of Pakistan marks the culmination of eleven years of commitment to the beautiful people of Pakistan, to whom we are grateful.

Muhammad Ali Bhatti
President

With the blessings of our Board of Directors, with the commitment shown by the senior management and the loyalty, diligence and perseverance of our team, NHSD has taken many challenges and has successfully achieved success in all of them. We are indebted to our communities in Tharparkar, Keti Bandar and Dadu (Sindh); in Bahawalnagar, Multan, Rawalpindi, Bhakkar (Punjab); and in Kohistan, Shangla, Chitral and Battagram (KP). We are also grateful to our national and international donors, as well as our implementation partners.

Dr. Fauzia Moghees
Country Head

NHSD Institute of Information Technology

NHSD established Institute of Information Technology in collaboration with La Compte Registered Firm in December 2021. Since that time, NHSD and La Compte have successfully trained and practically guided 100 apprentices in graphic designing, web design, database management. The first batch of diploma in information technology was enrolled in November 2023. These apprentices were from very socioeconomically deprived locations and were trained in both theory and practicals of diploma in information technology through a scholarship. The apprentices successfully completed freelancing projects as they were enrolled on to various online freelancing platforms as a means of sustainable, skill based livelihood. To date, we have enrolled more than 40 apprentices on to the platforms FivR and Upwork.

Our Commitment to Education

HSD believes that education is the key to breaking the cycle of poverty. That is why we are dedicated to providing free quality education for orphans and children in need, ensuring that every child, regardless of their background, has the opportunity to learn and build a brighter future.

NHSD Schools in Tharparkar, Sindh

NHSD is committed to breaking the cycle of poverty through education and is running free schools for orphans and underprivileged children. In Tharparkar, Sindh, NHSD operates five schools located in Mithrio Charan, Mithrio Kellan, Bhijani, Mithrio Suttar, and Dadu, providing quality education and hope for a brighter future. These schools are a lifeline for children in some of the most marginalized communities, ensuring that no child is left behind.

NHSD & KKO Schools in Rawalpindi

Alongside its sister organization KKO, NHSD is also running three schools in Rawalpindi, including branches in Gulrez and Miskeenabad. Together, these schools are serving hundreds of students, with a total of over 700 children currently enrolled. By offering free education, NHSD and KKO are giving children from low-income families the chance to learn, grow, and build a better future.

SALEEM, WASEEM, WARDA AND ZAINA NEED YOUR HELP!

Saleem, Waseem, Warda and Zaina have lived in Manchinabad Bahawalpur for as long as they can remember. Now, they are without a shelter, food, or clean water.

Network for Human and Social Development appeals to your humanitarian spirit! Join us and help the four children, through your donations.

You can make your donations to:
 Network for Human and Social Development
 National Bank Plaza No. 6/7 2201 8040-8218
 Bank of Commerce Commercial Bank

URGENT APPEAL!!

THE PEOPLE OF BAHAWALNAGAR, PUNJAB, MANCHINABAD NEED YOUR HELP!

THEY REQUIRE:

- ☐ Clothes
- ☐ Food
- ☐ Drinking water
- ☐ Cooked Meals
- ☐ Shelter

YOUR DONATIONS WILL SUPPORT THEM IN THEIR DESPERATE TIMES.

URGENT APPEAL!!

BAHAWALNAGAR HAS BEEN FLOODED!!

In August 2023, the district of Bahawalnagar in Punjab was completely inundated with water, resulting in a significant loss of property, food, and economic welfare. The people of the area became internally displaced, having no food, shelter, or clean drinking water.

The worst affected were the women, children and elderly of the area, having no place to call their home, rendered poverty stricken because of the floods which happened during the time of the summer harvest.

NHSD has been providing support in the best way possible, whilst also appealing to all possible donors for support. This project is ongoing, and NHSD strives towards women empowerment by not only providing support to women, but also ensuring that they are guided in the reconstruction and relief efforts that they may form shared groups to be able to assist each other.

NHSD was working with Rescue 1122 in the initial periods of the response.

THE CORPORATE, HUMANITARIAN AND STRATEGIC ACHIEVEMENTS DISTRIBUTION CEREMONY 2023

AIWAN -E - SADAR ISLAMABAD
8TH MAY 2023

On 8 May 2023, NHSD hosted "the Corporate, Humanitarian, and Strategic Achievement Shields Distribution Ceremony". This event took place in the presidency and was concerned with emphasizing the humanitarian efforts of national level organizations that have been in the field, striving in the theme areas of health, education, advocacy, constitutional rights and responsibility, safety, disaster management, and in spreading peace and comradeship among all communities in order to have a united Pakistan. NHSD was sincerely appreciated by Akhuwat Foundation and the President of Pakistan for always having a "community first" approach. The Board of Directors of Pakistan were sincerely appreciated during this event as being silent patrons of NHSD.

The Collectors' Admiralty

Publishing expertise through collective knowledge

1000+ Books

1000+ Books

1000+ Books

In collaboration with Akhuwat Cloth Bank, NHSD began "The Collectors' Admiralty" in 2019 which has established 7 libraries in Pakistan, these include:

- A central library in NHSD headquarters which includes 2500 books, the oldest from 1868 and also books published in 2022, as an open-access opportunity for Rawalpindi and Islamabad communities both to donate books rather than have them scrapped or sold to old book banks, and for elderly and younger members of the local communities that they may have access to books on premise without having to pay a substantial amount.
- Four libraries in schools located in very socioeconomically deprived areas of Rawalpindi, with one in a Montessori in Multan and one in a girl's primary school in Dadu Sindh.
- Book donations which compose of textbooks that are as per the provincial curriculum allowing school teachers and students to complete their requirements.
- Research for technical training institute of NHSD.

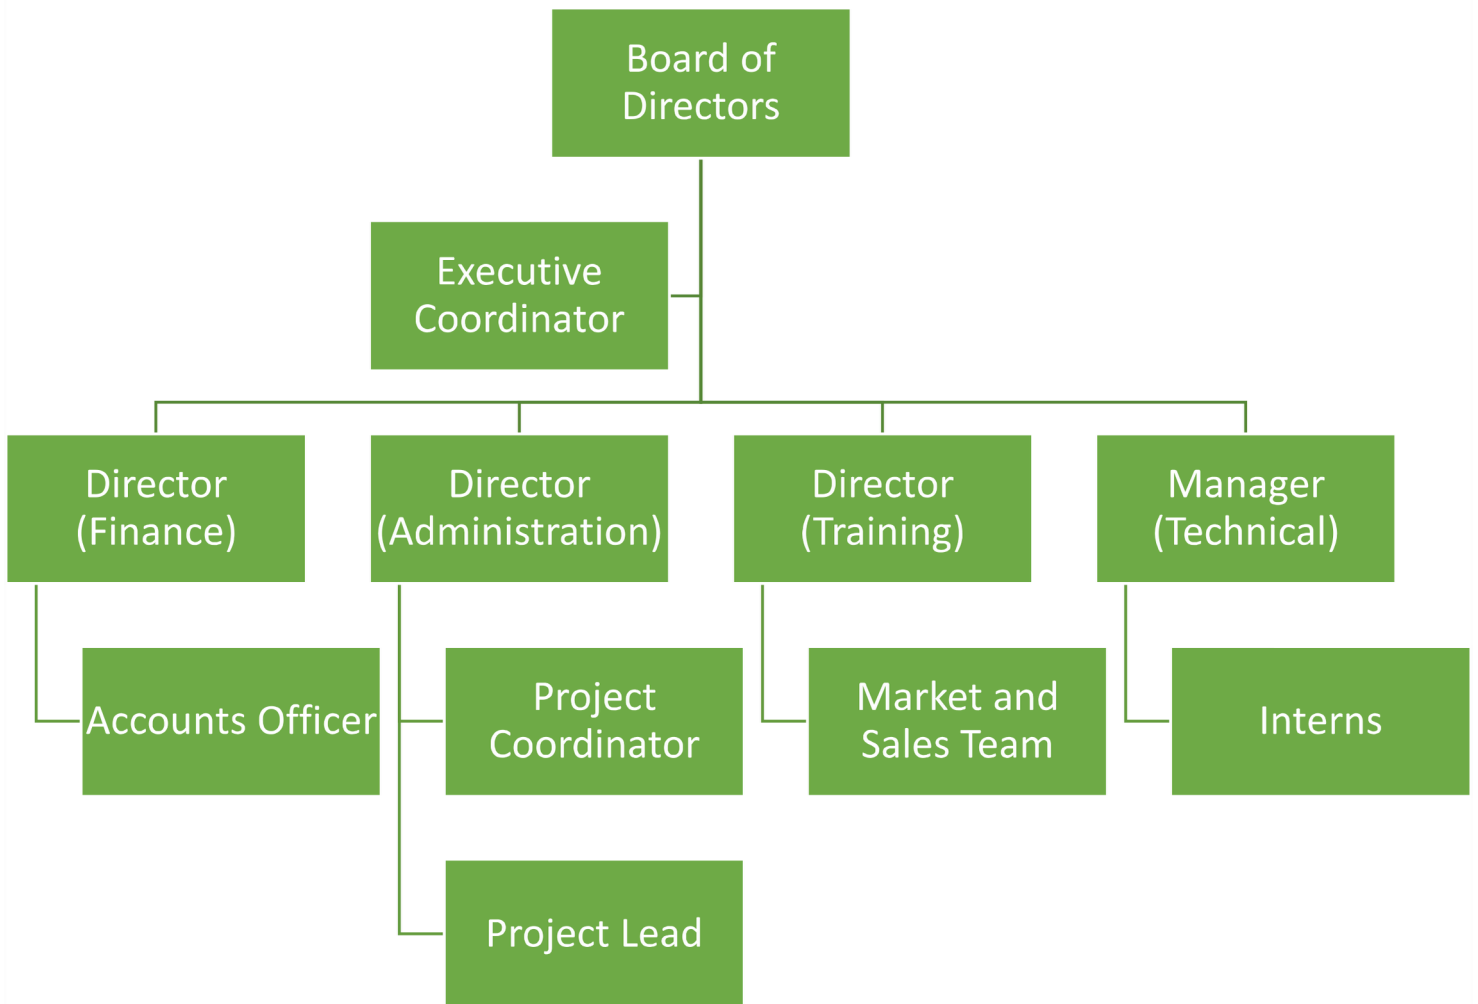

Since 2021, NHSD has been working in Sindh towards the support of the local communities. The people had lost their homes due to the devastating floods of that year and since then they have been abandoned by the provincial government of Sindh. Tharparkar has been the worst hit area followed by Keti Bundar. The former has abandoned and left in disarray by the provincial government because of the Hindu majority population, whilst the latter has been left to fend for itself because the population is composed of fishermen and fisherwomen,

NHSD has been working in close conjunction with the people and has successfully empowered the local population of Tharparkar to not only reconstruct 130 houses using locally sustainable materials, but also install 30 solar cells on their reconstructed houses. NHSD achieved this milestone through the benefaction of King Baudouin Foundation/ Solvar Solidarity Fund Belgium, Global Giving US, Give2Asia US and individual donations.

NHSD has a very close connection with Keti Bandar, having worked with the communities there to achieve the Guinness World Record for most mangrove trees planted in a single day. NHSD, on its own initiative, dispatched its team to Keti Bandar where the people were provided food rations and their plight was emphasized through fund raising campaigns. NHSD is working with Global Giving towards poverty alleviation and women empowerment of the people of Keti Bandar.

NHSD Hierarchy

PROJECTS of NHSD
