Rhinoplasty for Rhinos

Rhinoplasty for Rhinos unites surgeons from across the globe in a powerful act of conservation. In partnership with Dr Cameron McIntosh INC, participating rhinoplasty surgeons donate one surgery each year to help protect, rehabilitate, and secure a future for one of Africa's most iconic species, the rhino.

SOUTH AFRICA RECORDED A 16% DECREASE IN RHINO POACHING IN 2024, WITH 420 RHINOS TRAGICALLY KILLED FOR THEIR HORNS.

Threats Faced by Rhinos:

- Poaching and illegal wildlife trade
- Corruption and criminal gangs
- Habitat loss caused by human encroachment

Rhino Projects Protect Rhinos by:

- Highly-qualified anti-poaching teams
- Real-time AI-technology/GPS tracking using Rouxcel Rhino Watch Foot Collars
- Wounded rhino VHF radio tracking devices
- Rescue, treatment, and rehabilitation
- Community partnerships and education
- Pioneering the development of crime syndicate monitoring systems
