ABOUT US

Ruboni Arts Village is a grassroots arts and culture initiative located in the foothills of the Rwenzori Mountains in western Uganda. Founded in 2020 by local artists and community leaders, the village is dedicated to empowering young people through creative expression, cultural education, and environmental awareness.

We use recycled and local materials to create music, visual art, and handcrafted souvenirs that celebrate the heritage of the Bakonzo people. Every piece made and every performance staged helps support youth education, skill development, and community wellbeing.

More than just an arts space, Ruboni Arts Village is a platform for transformation, where creativity becomes a tool for opportunity, culture is kept alive, and every visitor becomes part of a shared story of resilience and renewal.

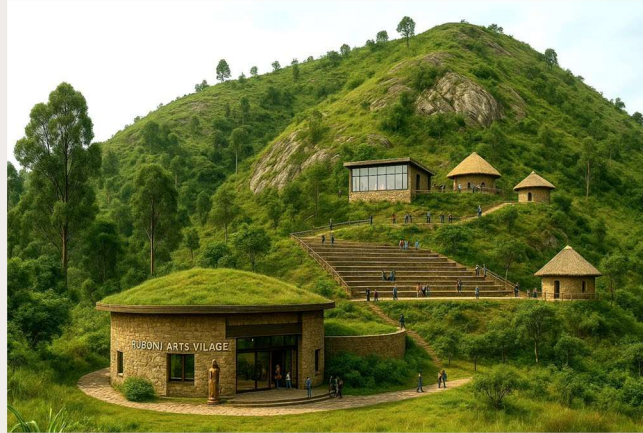

OUR MISSION

To nurture creativity, preserve culture, and empower youth through community-driven arts, while promoting environmental sustainability and meaningful cultural tourism in the Rwenzori region.

OUR VISION

To be a leading hub for cultural expression and youth empowerment, where art transforms lives, heritage is celebrated, and communities grow through creativity and sustainability.
