## **PREFACE**

### **About Us**

Asaasiam means the act of transforming/impacting lives. Asaasiam Vision International (AVI) is a Ghanaian registered nongovernmental organization established in 2012. AVI is committed to promoting sustainable impacts on Children, Women, Families, and the Environment. Our goal is to promote a sustainable impact on children, women, and the environment, and alleviate illiteracy among impoverished and disabled youth in Ghana. Our vision is to make the world a better place for all through the alleviation of illiteracy, poverty and the promotion of a sustainable environment.

### **About the Women Goat Ranch For A Sustainable Livelihood Project**

The project seeks to raise \$3500 to help provide sustainable income for 50 vulnerable women and their families who are affected by climate change and illegal mining in Ghana. The project will construct a modern goat ranch facility that can house 100 to 800 goats, providing training, veterinary support, and purchase 30 improved breed goats to start a goat ranch

### **Activities Undertaken**

The AVI Women Goat Ranch For A Sustainable Livelihood Project launched a fundraising campaign project on GlobalGiving in February 2026 to raise \$3500 to undertake a goat ranch project to provide sustainable income for 50 vulnerable women and their families who are affected by climate change and illegal mining in Ghana. Currently, the project has:

1. Funds raised on GlobalGiving \$150
2. Funds raised through a grant from Akuraase \$4500
3. Commenced the 1<sup>st</sup> phase of the project started on 3<sup>rd</sup> September 2026 which included the excavation, clearing bushes and removal of stumps. Profiling of the structure is also expected to be completed by December 2026.

The total funds raised in support of the project is \$4650

Thank you to our cherished doners and Akuraase for you generosity. We continue to ask for you support to make this project a success.

Please, see below for picture on the excavation, clearing bushes and removal of stumps activities which is currently ongoing at the project site

### 1. On the road to the site

### 2. Work on going at the site

### **3. End of day work done**

Work is currently ongoing, we hope to provide more update in our next report

**Thank you for your generosity**
