### **Project Summary:**

A humanitarian initiative dedicated to providing nutritious meals to orphans during the holy month of Ramadan 1447/2026. This project seeks to alleviate hunger, spread joy, and foster a sense of belonging to 2,000 privileged vulnerable people and children, ensuring they experience the blessings and communal spirit of Ramadan.

### **The Problem:**

Orphans in underserved communities face food insecurity, social isolation, and neglect, especially during Ramadan 1447/2026. Many lack access to regular, nutritious meals, making it hard to observe fasting or participate in communal celebrations. Limited resources in orphanages further exacerbate their struggles. This project seeks to address these issues by providing meals, fostering inclusion, and raising awareness to ensure orphans experience the blessings of Ramadan.

## **How will the Project Solve the Problem:**

The project will solve the problem by providing daily Iftar and Suhoor meals to orphans, ensuring they have access to nutritious food throughout Ramadan. It will collaborate with orphanages, foster homes, and local organizations to identify beneficiaries and establish meal distribution centers. Additionally, community Iftar events will foster inclusion and a sense of belonging, while volunteer and donor engagement will raise awareness about orphan care and inspire long term support.

## **Long Impact:**

The project's long-term impact includes improved well-being and nutrition for orphans, fostering their physical and emotional development. By creating a sense of inclusion and belonging, it can boost their self-esteem and community integration. The initiative also raises public awareness about the challenges faced by orphans, encouraging sustained support and advocacy.
