WHO WE ARE

Direct Impact Empowerment Foundation is a **dual-registered humanitarian NGO** operating across Nigeria and Switzerland. We walk alongside the people every other system has already passed by: the vulnerable, the forgotten, those who fell through every gap.

Our Christmas outreach is often the first point of contact between a family and our **Dignity to Independence Programme**, which moves families from crisis to lasting independence. We do not send help from a distance. We show up.

WHAT IS IN EACH PACK

Each Christmas pack can **feed a family of five for three days**: food, essential supplies, and the dignity of being seen. For many families, this is the door that opens everything that follows.

THE ASK · CHRISTMAS 2026
