

My name is Jackyn^{Edwards} and
I'm here to tell you about
my family's experience with
hunger. I got used to
eating from cans whatever
was left. I actually
now like Kidney beans
from the can. ~~to~~ I used
to be sad when we had
no food. Now we go to
food pantries we get
fresh food, meat and cool
snacks. I even volunteer
at the pantries now. We will never
be hungry again. Thank you.
