Title: Coordinating Widow Groups & Safeguarding Children in Ebonyi Mining Communities — \$100/\$150 Capital Based on Hardship

Problem: 700+ widow-led households in Ebonyi 13 LGAs mining communities lack capital and coordination. \$50 is no longer viable due to economic hardship. Children at OKPAUGWU Primary face hunger and dropout. No global safeguarding standards applied.

Solution — Using World Bank & UNICEF Training:

1. Apply **WIM Success Lab 0001038628-0000509898** to organize 20 widow groups (35 women each) for cohesion, savings, and voice in mining decisions.
2. Apply **ESF Fundamentals 00055545-0000509898** + UNICEF PSEA/Child Safeguarding to enforce safeguarding at OKPAUGWU and 5 mining sites — Grievance boxes, PSEA reporting, fraud prevention.

Activities — 6 Months:

- Train 30 widow leaders on WIM coordination
- Provide capital to 100 widows: $50 \times \$100 = \$5,000$ + $50 \times \$150 = \$7,500$ (hardship tier) + Feed 200 children 3 months under ESF standards
- Install safeguarding & grievance systems in 5 communities
- Document via video & GlobalGiving Reports 328599 & 328600 (Approved Aug 28, 2026)

Beneficiaries: 100 widows direct (\$100-\$150 each) + 200 children direct; 700+ households indirect across 13 LGAs.

Budget — \$18,000 (Reflects Hardship):

\$12,500 — Capital for 100 widows (\$100/\$150 tier)
\$2,500 — Feed 200 Children 3 months + safeguarding materials
\$1,500 — Training 30 leaders (WIM & ESF)
\$1,000 — Monitoring, video documentation, reporting
\$500 — GlobalGiving fees & bank charges

Per widow: \$100 covers small trade, \$150 covers rent + trade for most vulnerable.
