IT'S A COMEBACK

Back-to-School Campaign 2026 – 2027

Every child. Every classroom.
A brighter tomorrow.

For many children in Lebanon, going back to school is not as simple as it should be. Rising poverty, displacement, conflict, damaged schools, transportation costs, and the increasing cost of school materials are making it harder for children to return to school and remain there.

Together, we can change this.

WHY IT MATTERS

Returning to school is only the first step. We want children to stay in school, recover lost learning, feel safe and supported, and have the opportunity to build a better future.

SUPPORT THE COMEBACK

Your support can help a child start the school year with the tools, support, and confidence they need to keep learning.
