

New Life Home Trust (NLHT)

32 years of Giving New Life

"Every year, New Life Home Trust achieves its mission with the help of individuals, corporates and valued church sponsors like you."

For over 32 years, New Life Home Trust (NLHT) has provided a compassionate Christian response to the plight of abandoned and extremely vulnerable babies, with priority given to those infected or affected by HIV/AIDS.

🤲 Rescue

Abandoned and extremely vulnerable babies given immediate safety

❤️ Care

High standards of medical and emotional care for every child

🏠 Place

Loving family situations through reintegration, foster care and adoption

Why We Do This

NLHT continues to respond to calls for rescue of children abandoned in hospitals, dumpsters, pit latrines, and other dangerous environments. Children rescued from such harsh conditions are often admitted with high risks of infection depending on the period of exposure.

Others require admission in our Special Care Units, while some are placed in incubators for specialized care. The urgency of intervention cannot be overstated — every hour matters for these fragile lives.

"A baby's brain grows most rapidly in the first twelve months of life — and this is a critical period of a baby's life."

This is why NLHT acts swiftly and decisively to rescue, stabilize, and nurture every child entrusted to our care, giving them the foundation they deserve for a healthy and hopeful future.

Statistics as of October 2026

Over three decades of faithful service, New Life Home Trust has transformed thousands of young lives across Kenya.

2,796

Babies Rescued

Children pulled from abandonment and danger since founding

1,924

Adopted

Children placed into loving, permanent adoptive families

405

Reintegrated

Children successfully reunited with their biological families

165

In Residence

Children currently receiving care across our four homes

Our Four Homes

Each of our **4 homes** — located in **Nairobi, Kisumu, Nakuru, and Nyeri** — are equipped to rescue children as young as a few hours old, including those requiring incubation.

*All four homes were generously donated to NLHT by well-wishers.

Nairobi Home

The Nairobi home was the first to be established. It opened its doors in 1994 and can host 52 babies and children (newborns to three years). It has dual registration as a Charitable Children's Institution and as a Private Medical Centre.

Kisumu Home

This Home was established in 2000 and has the capacity to host 57 babies and children. Like Kilimani, Nairobi has dual registration as a Charitable Children's Institution and a Private Medical Centre.

Nakuru Home

This Home was established in 2005 and has the capacity to host 35 children. It is registered as a Charitable Children's Institution.

Nyeri Home

This Home was established in 2006 and has the capacity to host 24 babies. It is registered as a Charitable Children's Institution and provides a home for babies and toddlers.

Special Needs Units

Across our Nairobi, Nakuru, and Kisumu homes, a total of **25 children** live with multi-disabilities — all abandoned at infancy. The youngest is just 5 months old and the oldest is 23 years old.

Our main objective is to provide wholesome, holistic care and a chance to fully develop each child's God-given potential in a dignified way. These children have a near-zero chance of family placement due to the severity of their disabilities, but NLHT is committed to providing long-term quality care for them.

Specialized Care

Occupational and physiotherapy services provided regularly

External Specialists

Neurologists, ophthalmologists, and orthopedists continually review the children

Long-term Commitment

Dignified, quality care for children with severe disabilities — for life

Success Stories

Behind every statistic is a real child with a real story. Here are two lives transformed by the compassion and dedication of NLHT.

Baby AA

Rescued in March 2025 after suspicions of child trafficking arose. A 75-year-old woman claiming to be his grandmother could not provide documentation during a hospital visit. Authorities intervened and AA was admitted to NLHT for protection. He arrived underweight and unwell. Thanks to our dedicated medical team, he has regained strength and continues to receive the care he needs to flourish.

Baby L

Rescued after being abandoned in a public toilet shortly after birth. A good Samaritan heard her crying and alerted authorities. She arrived at NLHT cold, dehydrated, and in distress. After emergency medical attention and the warmth of a loving caregiver team, Baby L began to recover. Today, her health has improved significantly — and she smiles often, a testimony to resilience and love.

a. Children & Young Adults

42 Children's Educational Placements (as of April 2026)

This section outlines the current educational status of children and young adults living with multiple disabilities and those under the P2i program (supervised independent living) all admitted as infants in NLHT. We have a total of 42 currently placed across various learning environments, contributing to the overall number of children supported by New Life Home Trust

University/College

15 young adults are pursuing higher education in university or college.

Ex-High School

2 children have successfully completed high school.

In High School

3 children are currently attending high school.

Pre/Primary Schools

4 children are enrolled in primary schools.

Pre/Primary Schools

4 children are enrolled in primary schools.

Homeschooled

9 children/young adults living with multiple disabilities are being homeschooled, receiving education in a home setting.

These placements represent the full arc of NLHT's mission — from rescue at birth to flourishing in education and community.

b. Young Adults — Journey to Independence

This section details the progress of 5 young adults — admitted to NLHT as infants — who have completed their tertiary education and are now in the Destined to Complete (D2C) program, NLHT's initiative to guide young adults toward living independently in the community.

1

Admitted as Infants

Rescued and brought into NLHT care, given safety, love, and a future

2

Education Journey

Supported through primary, secondary, and tertiary education over many years

3

D2C Program Launch

Officially launched on 20th February 2025 by 7 of our older children — a milestone moment

4

Full Independence

5 young adults have successfully transitioned — completely independent and off NLHT financial support

The D2C program supports young adults in transitioning to full independence, empowering them to live self-sufficient, purpose-driven lives — no longer relying on NLHT for financial support. This is the ultimate fulfillment of our mission.

Our Staff

Rescuing and caring for vulnerable children comes at a high cost. It calls for round-the-clock attention from skilled personnel and daily consultations with doctors and health specialists. NLHT's human resource objective is to provide staff care that ensures optimum support for the children and keeps the organization true to its vision and mission.

	Designation	Staff
1	Office Staff	10
2	Nursing / Medical	19
3	Caregivers	92
4	Housekeepers	33
5	Social Works	4
6	Administrators	4
7	Field Support	9
	Total Staff	**171**

Our Appeal

NLHT's annual budget to operate all four homes is **Ksh 124M | USD 954,368 | £ 706,258**. Our recently concluded financial audit for FY 2026 shows we closed the year with a deficit of **Ksh 6.4M | USD 49,257 | £ 36,452**. We are therefore seeking new partners who can help us further the mission of rescuing, caring for, and placing children in families.

Annual Budget	FY 2026 Deficit
Ksh 124M | USD 954,368 | £ 706,258	Ksh 6.4M | USD 49,257 | £ 36,452
Medical Budget	**Staff Training Needs**
Ksh 6M | USD 46,153 | £ 34,156	Ksh 2M | USD 15,393 | £ 11,391

Partner with NLHT today — every contribution, large or small, directly rescues, nurtures, and transforms the life of a vulnerable child in Kenya. Together, we can close the deficit and expand our reach. We are ready to share more information should you need it
