

Updates on AMDA International Scholarship Program for students in Tohoku, Japan

The Association of Medical Doctors of Asia

As of June 2014

AMDA has been supporting to the high school students living in Tohoku region, where the number of lives has been impacted by Japan Earthquake and Tsunami on 11 March 2011. AMDA International Scholarship Program has started in March 2011 and 274 students of 8 schools have received the scholarship in the past three years. Each student receives 15,000yen (about 147USD) per month until she/he graduates high school.

Charity Concert to support Tohoku (March 2014)

Breakdown of Scholarship Recipients:

Year	Number of students
2011	86
2012	101
2013	66
2014	21 <i>We will add more students for the year of 2014.</i>
Total	274

We are happy to announce that 45 students graduated from their high schools in March 2014 and go on to higher education to become a medical professional. Thanks to the warm support from our donors, we are able to decide to add more recipients for the year of 2014. We are in the process of choosing more scholarship recipients for this year.

Letter from a recipient who was graduated from the high school in March 2014:

I have received AMDA International Scholarship in Japanese Fiscal Year 2012 and 2013. Thanks to the support, I was graduated from the high school in March 2014. I leave home and started studying at a nursing school in April 2014. I will try my best to be a nurse in the future. I would like to thank you for the support extended to me during my study during high school.
