**Subject:** Thank you!!!

Hi Kerith,

I just wanted to say thank you, both from me but also on behalf of my students and families, for the service that the foundation provides. For my students who received eye glasses this year, it has been a huge barrier removal for them in school and huge burden off the shoulders of their families who could not afford glasses.

I've attached a picture of Kevin, a Freshman here at Glencoe, who was one of the kids who received glasses in the last couple of months. He was so thankful for them and went from wearing a pair of old, broken glasses held together by tape to looking proud and seeing better with his new pair.

Please let any others at the foundation know of how valuable this service is and how much it helps real students and helps me feel like I can be a little more effective at my job by addressing a tangible need. It's these small acts that have big impacts.

Thank you again and I hope you have a great summer!!!!

*Lauren Cooley*
