Subject: The KEX Kids Fund for Sight & Sound

All Staff,

I am pleased to write you this morning, for, in my 30 years of Broadcasting one of our stations is receiving a very special award that no station in our cluster has ever received.

KEX has been awarded the Service to Children Award for the stations incredible commitment to its "Sight and Sound" program. For those of you who are not aware, KEX has provided eye glasses and hearing aids for children who otherwise could not afford them since 1986 and has literally helped thousands families since its inception. This program has become a key fixture in helping kids who otherwise would have challenges learning in school and living a normal life.

I want to specifically thank Paul and Vicki Linnman for their stewardship of this program over the last 11 years. I would also like to thank all of you, as our local operating values creates the environment for us to receive this.

The award will be presented in Washington D.C. on June 16th. For more information on the Service to America Awards click on the link below.
