

Dear friends:

By means of this newsletter, we'd like to inform you about the constant work we do providing assistance to children and adolescents in several areas of Argentina.

PROJECTS&ACHIEVEMENTS

During May, a pediatric visit was completed in Noccan Kani, Santa Fe. 17 children received pediatric medical attention. Most of them were treated for respiratory conditions. Also, regular medical check-ups and ophthalmology services were offered. The children were treated for lice and also got haircuts.

A feeding center in González Catán, province of Buenos Aires, was added to our assistance plan. This month 150 children received pediatric services.

We sent High School CEP N° 48 located in Las Garcitas, Province of El Chaco different donations including books, school supplies, clothing, shoes, computers, a stereo equipment, a TV set and furniture. This school has 415 students.

We continue to support Hogar Liguén, located in Parque Patricios, Buenos Aires and School EGB N° 634, Anexo "LAS BRAVAS", located in Pampa del Indio, Province of El Chaco with their nutritional needs. We also continue to provide several feeding centers in the provinces of Tucumán, Buenos Aires and Santa Fe with powdered milk.

The ongoing Campaign "For a Child's Breakfast", offered in the different schools located in Pampa del Indio, Province of El Chaco is supported by Supermarket La Juana.

The Civil Santa Clara Civil Association completed a trip to Misiones. They visited five communities and offered medical and odontology services to the children. They also delivered non-perishable food items, medicine, dental cream and toothbrushes, school supplies, clothing and shoes.

Under the supervision of Teresa Donaire in Argentina, a great amount of donations were received and sent to the different schools included in our assistance plan according to their needs. The donations include items such as school supplies, books, backpacks, toys, table games, computers, printers paper and ink, scanners, non-perishable food, linen items, bedding, a bed and a mattress, a crib, a stroller, kitchen utensils and other kitchen related items, several items of furniture, VCRs, cassette players, CDs, refrigerators, a vacuum cleaner, sewing machines, clothing items for babies, children and adults, first-aid supplies, medicine, diapers, etc.

All these donated items were sent to different provinces in Argentina, including Entre Ríos, Chaco, Misiones, Salta, Santa Fe, Corrientes and Formosa.
