11 SUSTAINABLE CITIES AND COMMUNITIES

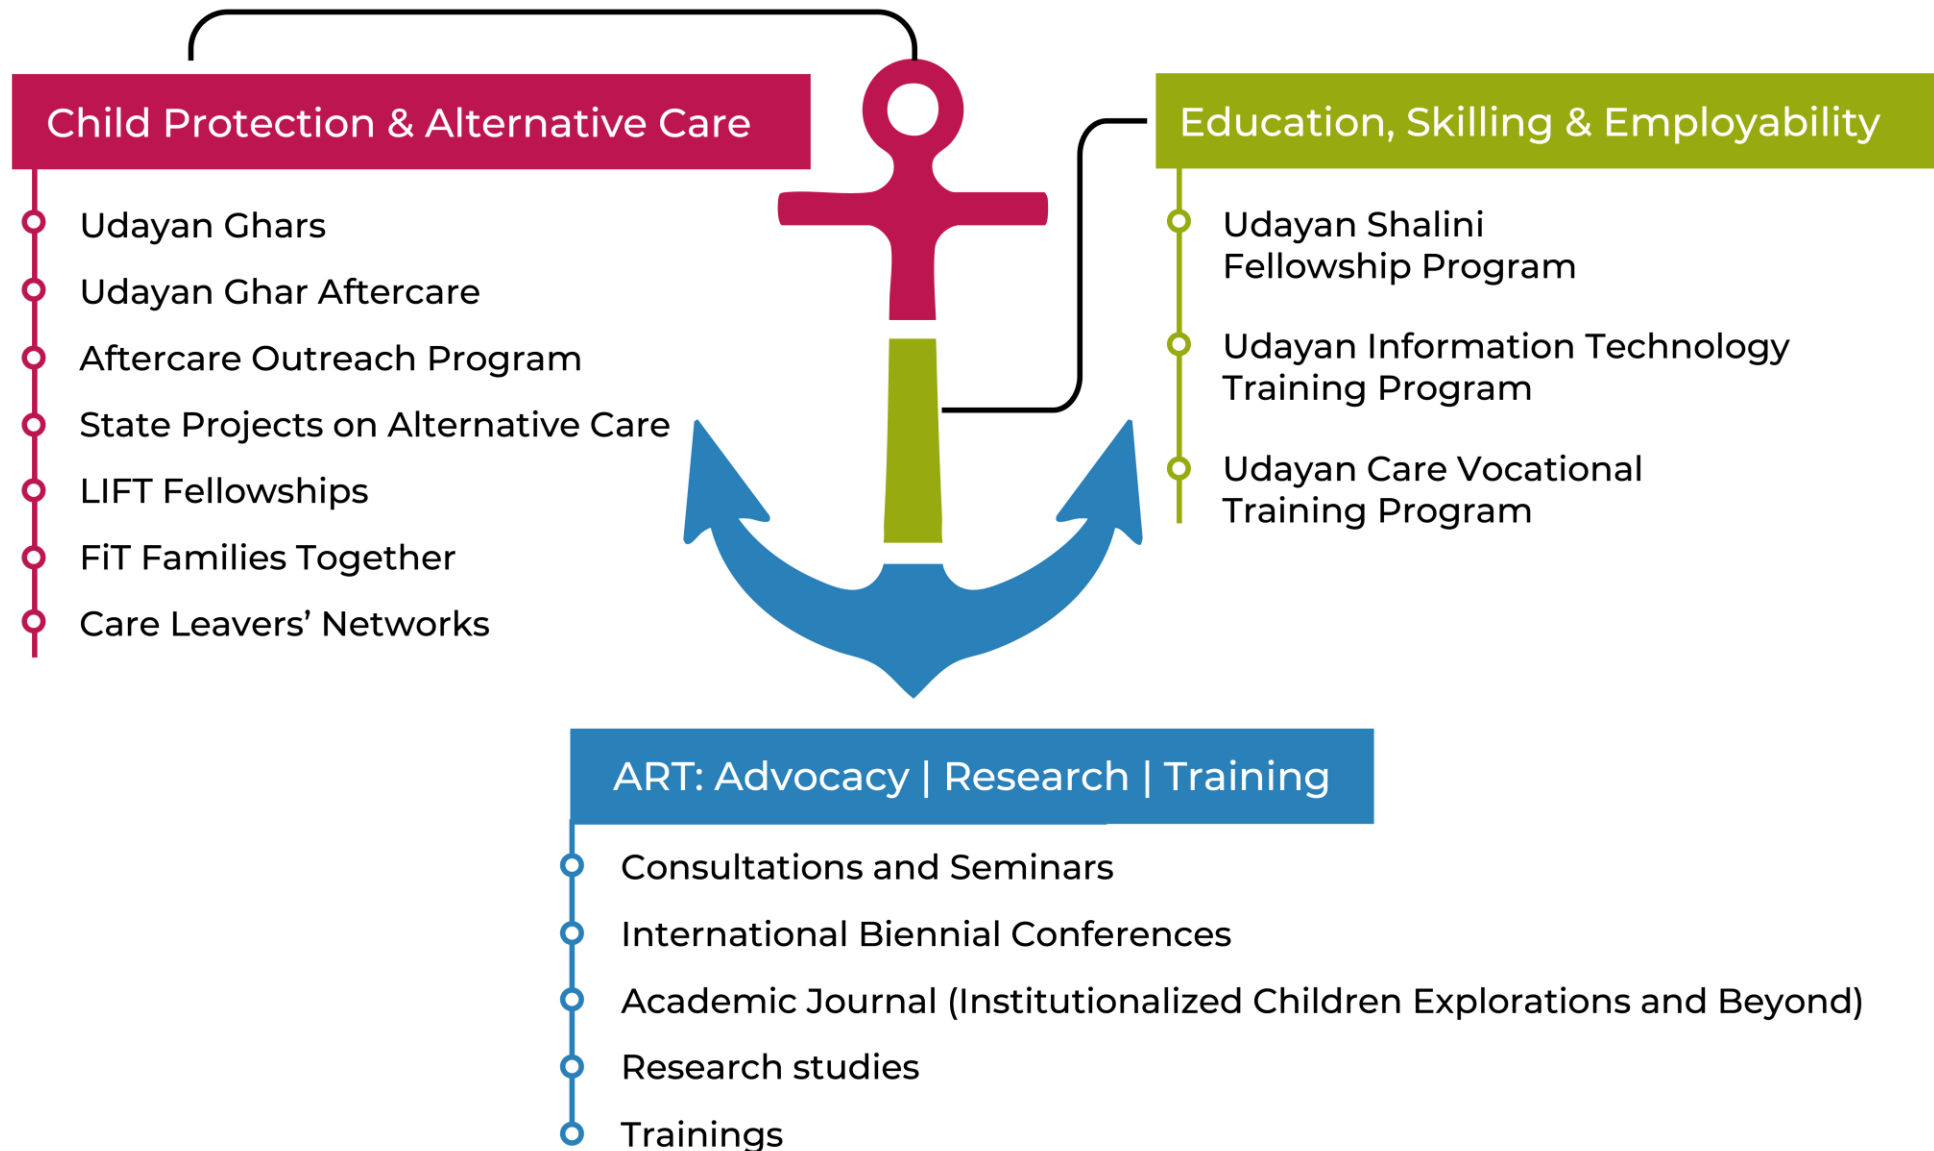

16 PEACE AND JUSTICE

17 PARTNERSHIPS FOR THE GOALS

Across our programs, we ensure that families are strengthened and children and youth thrive in them

A close-up photograph of a person's hands typing on a silver laptop keyboard. The background is blurred, showing another computer monitor and a desk. A dark red banner is overlaid across the middle of the image, containing white text.

UDAYAN CARE IT TRAINING PROGRAM

A close-up photograph of a metal surface. On the left, there is a perforated metal plate with a grid of small circular holes. To the right, a metal beam is painted yellow and has the words "CAUTION" and "DANGER" written in large, bold, yellow letters. The text is oriented vertically along the length of the beam. A white horizontal line runs across the middle of the yellow-painted section. The background is a plain, light-colored wall.

THE PROBLEM STATEMENT

SKILL GAP IS THE SINGLE BIGGEST CONTRIBUTORY FACTOR FOR UNEMPLOYMENT

India needs to create at least 90 million new non-farm jobs by 2030 to absorb new workers*.

Lack of Employable Skills

Schools even today are training students from a young age in skills that have no use in the market in the future. **Students need future-ready 21st-century skills.**

Rapidly Changing Market Demands

There is a **high turnover of new skills in the technology based sectors**. Students have to prepare for jobs that do not exist when they are studying.

Low GER amongst 18-23 YO

India currently has a Gross Enrollment Ratio (GER) of 26.6%. That means, 74% of the 18-23 age group are **not getting access to higher education or simply cannot afford it.**

A Large Pool of Supply

13MN youth join the job market every year in India. This has led to an abundance of supply and kept the wages low. At the same time, only 2% of the workforce is formally skilled

Lack of Industry Participation in Skilling

Till date, Industry participation in skilling youth has been sketchy and insufficient. However, today, many corporates are actively involved.

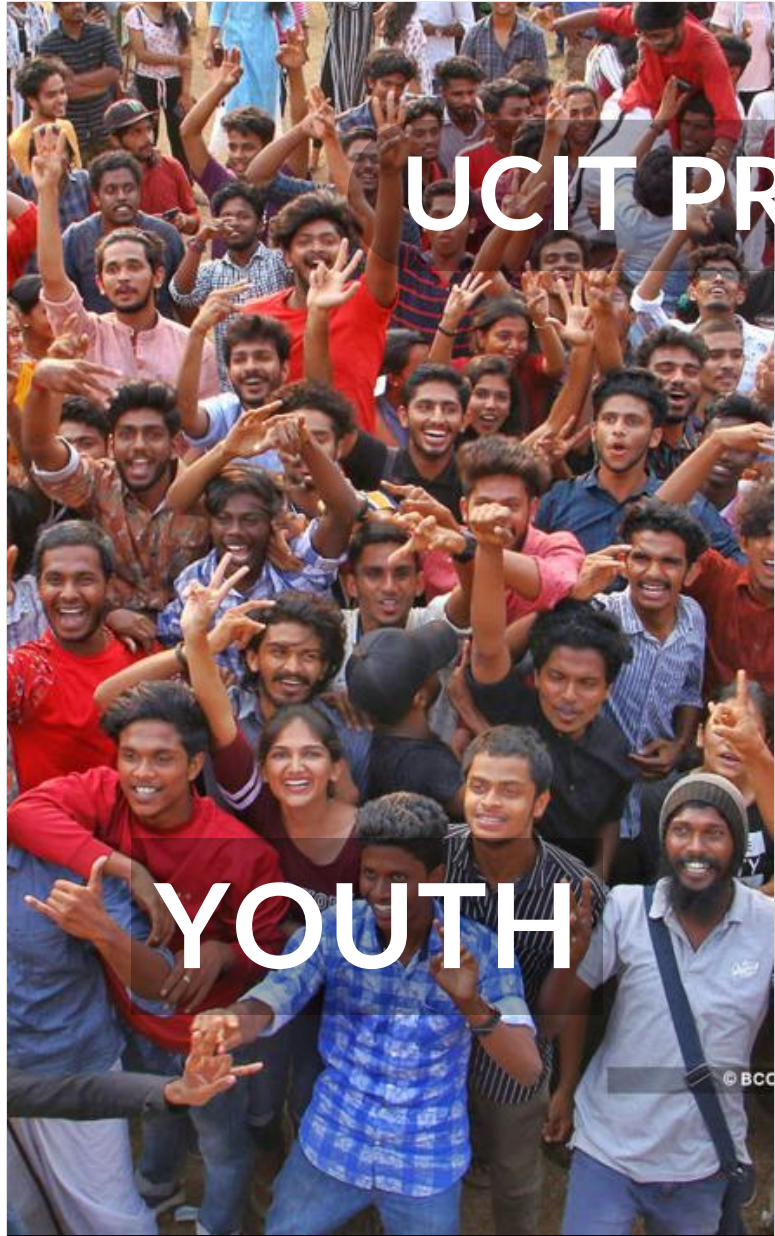

Availability of 'Decent Work'

As a society, **Indians value white collar jobs over vocational skills**. This has led to high competition for 'Decent Job' options.

A hand is shown holding a wooden-framed chalkboard. The word "POSSIBLE" is written in white chalk on the black surface of the board. Three pieces of chalk in different colors (grey, purple, and orange) are lying on the board. The background is a solid light blue color.

POSSIBLE

HOW CAN A BETTER LIFE WITH DIGNITY BE MADE
POSSIBLE FOR OUR FUTURE GENERATIONS?

Vandana Prajapati's Story – Graphic Design Student

Vandana Prajapati was born in a small village in Jhansi District, UP. Her father supported a family of four with meager earnings from a tea stall. Vandana's father paid for a course in Commercial Arts in Delhi and she came to the city, but unfortunately had to drop out mid-way due to financial constraints. That was a big setback for her and her family.

Her life took a U-turn when Vandana joined Udayan Care's IT Center to pursue a course on Graphic Designing. Even though she joined the course mid-way, she really worked hard to become of the best in her class.

After a short stint in Delhi with an upcoming T-shirt manufacturer, she got her big break with the renowned brand, 'Melorra Gold & Diamonds Pvt Ltd' as a graphic designer out of Bangalore.

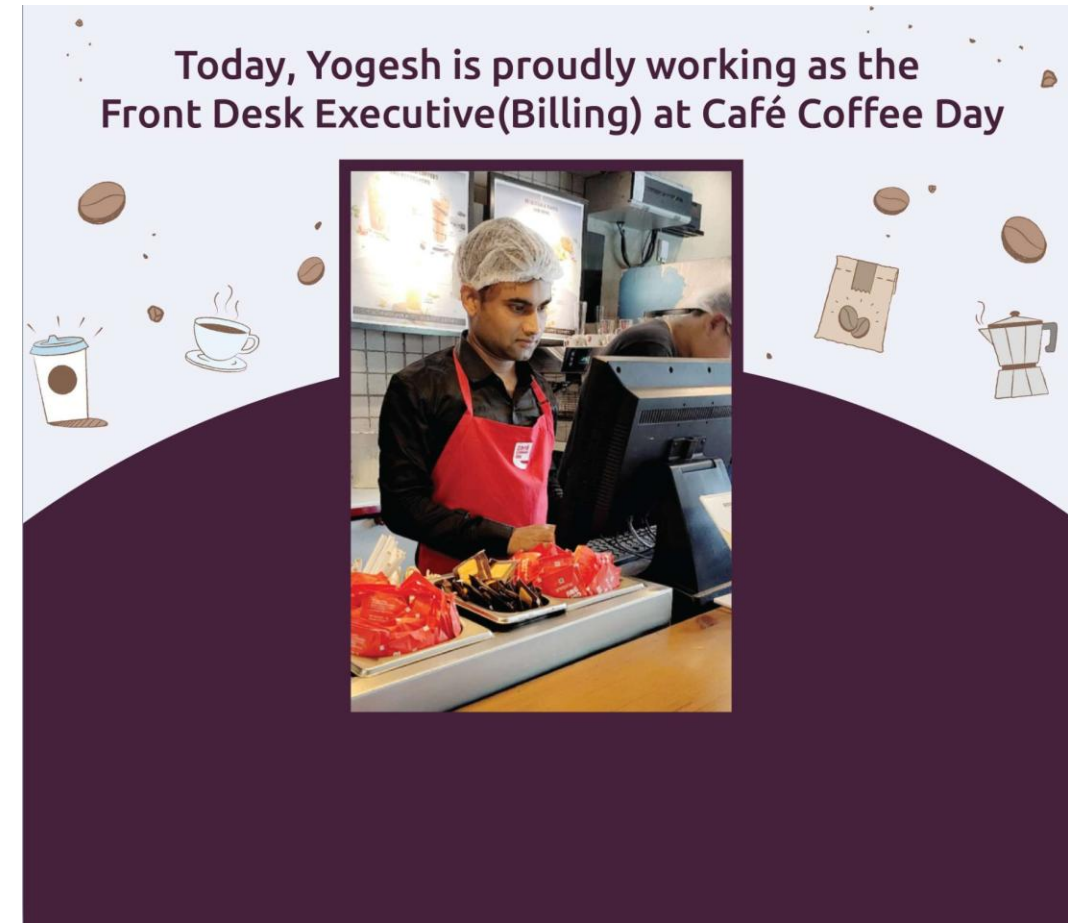

Yogesh Brewing Success at Café Coffee Day

Yogesh grew up in a poor family with four siblings and parents.

But since his childhood, he was passionate about computers. After graduation.

Yogesh joined Udayan Care's IT Center to pursue Diploma in Information Technology (DIT).

Yogesh was selected by Café Coffee Day during the first campus placement fair held at Udayan Care.

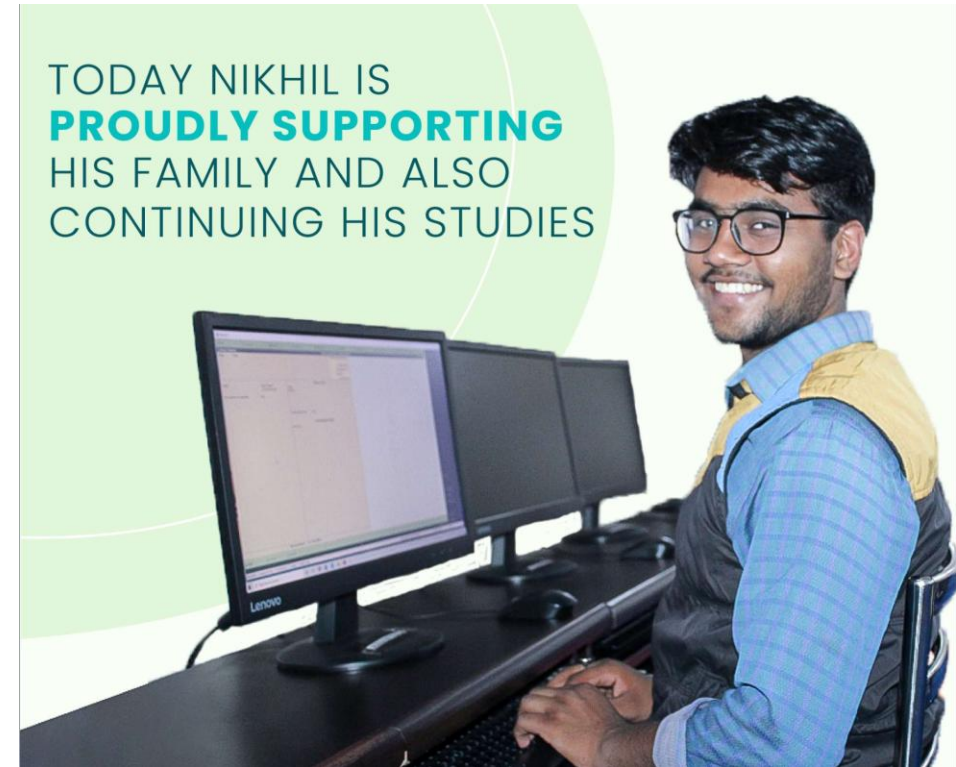

Nikhil overcame adversity and loss to take control of career

Nikhil lost his father at a young age and his dreams of becoming an entrepreneur seemed distant.

But his sister always encouraged him to complete his studies. She had faith that Nikhil would definitely steady himself and look after the family.

When searching for livelihood opportunities, Nikhil came across Udayan Care's IT Training Program.

The technical and soft skills acquired here enabled him to get placed as an Assistant Accountant at Rex Internation, NOIDA.
