Hi! my name is EKUR JAMES from ALITO KOLE District Northern Uganda. As I write this letter am full of joy and gratitude. First of all I would like to thank The Odwar Fund for facilitating me to get back to school after dropping out due to financial problems.

It is also my sincere pride to mention Global giving for making it possible for The Odwar Fund projects to be hosted on their sites, this is a huge step in allowing the Odwar Fund carry forward their good Education programs.

Thanks goes to Mr. Samuel Cary, Auntie milly and other sponsors whose financial contribution through Global giving is getting me back to school. Thank you so much, as an handicapped and a first born among 10 children and especially having lost my mum, I had no hope but you have brought a smile to my face, I now look forward to a legal career, I will do my best at Sky land High School since its a top school I dreamed of joining.

MY GOD BLESS YOU ALL AMEN.
